Consent

Consent Form for Participation in a Research Study

Principal Investigators: [redacted]

Study Title: Visual Literacy Assessment Test

Supported By: [redacted]

WHAT IS THIS FORM?

This form is called a Consent Form. It will give you information about the study so you can make an informed decision about participation in this research. We encourage you to take some time to think this over and ask questions now and at any other time. If you decide to participate, you will be asked to sign this form and you will be given a copy for your records.

WHAT ARE SOME OF THE IMPORTANT ASPECTS OF THIS RESEARCH STUDY THAT I SHOULD BE AWARE OF?

- Whether or not you take part is up to you.
- You can choose not to take part.
- You can agree to take part and later change your mind.
- Your decision will not be held against you.

WHY ARE WE DOING THIS RESEARCH STUDY?

The purpose of our study is to explore how people read information from visualizations.

WHO CAN PARTICIPATE IN THIS RESEARCH STUDY?

Any person who is at least 18 years of age may participate in this research study.

HOW MANY PEOPLE WILL PARTICIPATE?

We expect about 600 people will be in this research study.

WHAT WILL I BE ASKED TO DO AND HOW MUCH TIME WILL IT TAKE?

You will be shown different visualizations and you will be asked questions about the data shown in the visualization. We expect this research study to take around 30 minutes.

WILL BEING IN THIS RESEARCH STUDY HELP ME IN ANY WAY?

You are not likely to have any direct benefit from being in this research study. The potential benefits to you from participation may include learning about how data visualization research is conducted, and you may learn about issues of current interest in data visualization.

WHAT ARE MY RISKS OF BEING IN THIS RESEARCH STUDY?

Your participation in this study does not involve any risks other than what you would encounter in daily life. The effects of participating should be comparable to those you would experience from viewing a computer monitor and using a keyboard. You may withdraw at any time.

HOW WILL MY PERSONAL INFORMATION BE PROTECTED?

Efforts will be made to limit the use and disclosure of your personal information, including research study records, to people who have a need to review this information.

Data Sharing: De-identified data from this study will be shared among the [redacted] research teams, as well as the research community at large to advance science and health. We will remove or code any personal information that could identify you before files are shared with other researchers to ensure that, by current scientific standards and known methods, no one will be able to identify you from the information we share.

WHO CAN I TALK TO IF I HAVE QUESTIONS?

If you have questions about this project or if you have a research-related problem, you may contact the Principal Investigator [redacted]

WHAT HAPPENS IF I SAY YES, BUT I CHANGE MY MIND LATER?

You can decide not to participate in this research or you can start and then decide to leave the research at any time and it will not be held against you. To do so, simply exit the experiment. Any data already collected will not be saved.

By clicking "I agree" below you are indicating that you are at least 18 years old, have read this consent form, and agree to participate in this research study. Please print a copy of this page for your records.

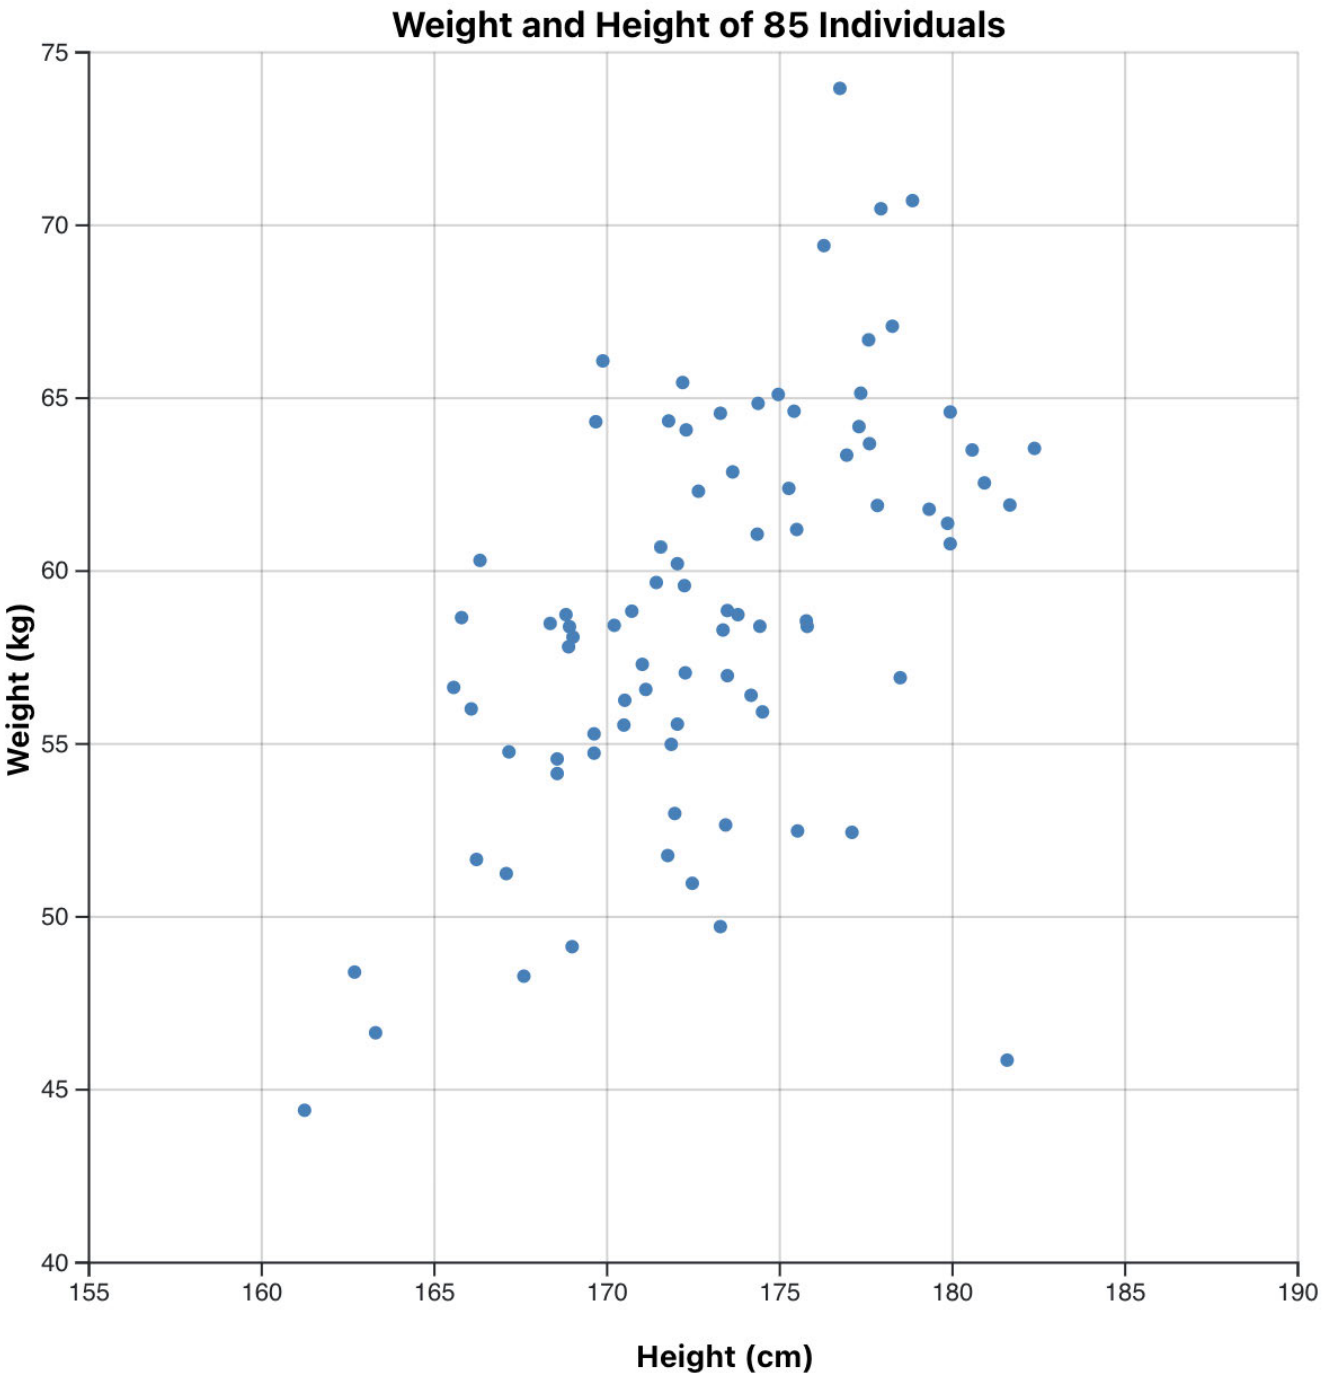

- ○ I do not agree
- ○ I agree

Tutorial Block

This section is a quick demo on the types of questions you will see in this study.

Here is an example question: What is the *height* of the *heaviest* person in this chart?

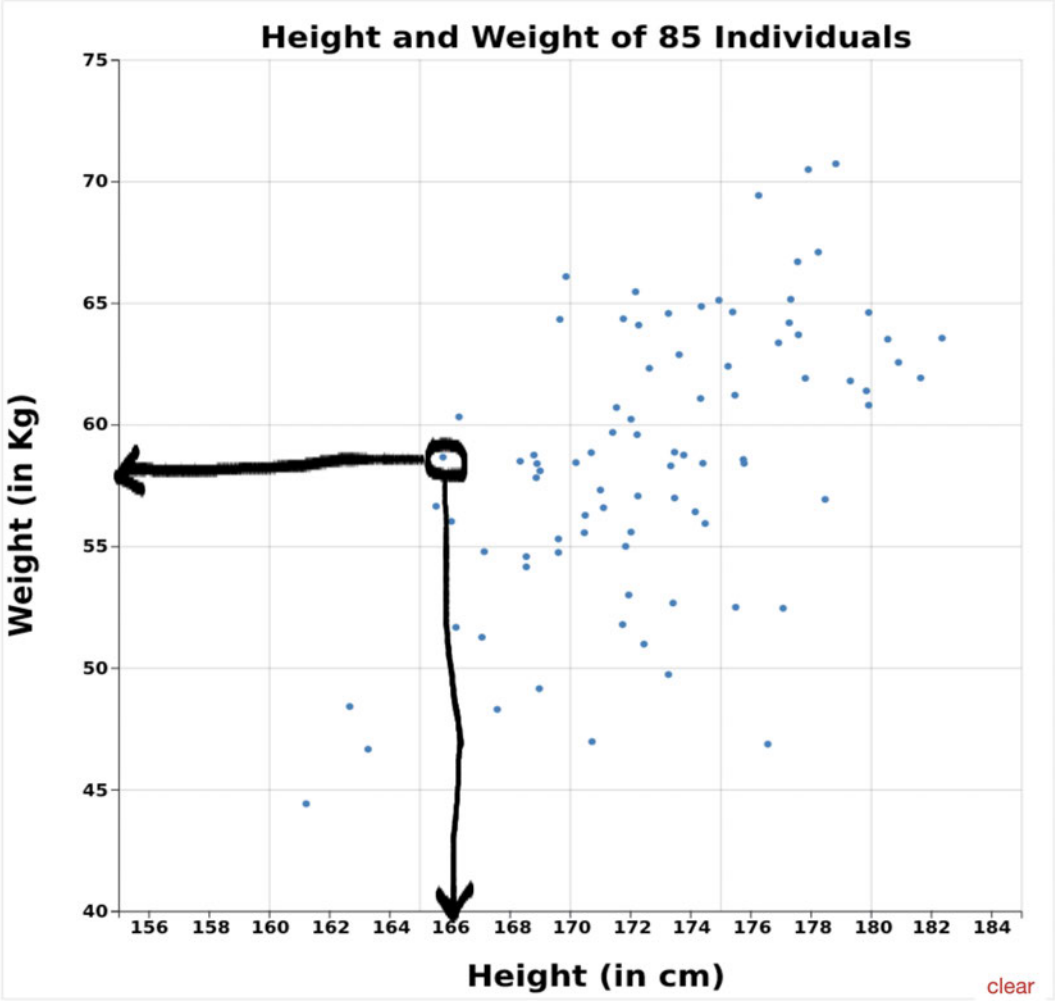

[redacted]

For questions that ask for a numeric value (such as this one) please only input the number (no units).

Another type of question you will be randomly shown for some charts, asks you to draw on the image to show your thought process.

Here is an example, of how you might draw on the image (with your mouse) to show how you read someone's weight and height in the chart.

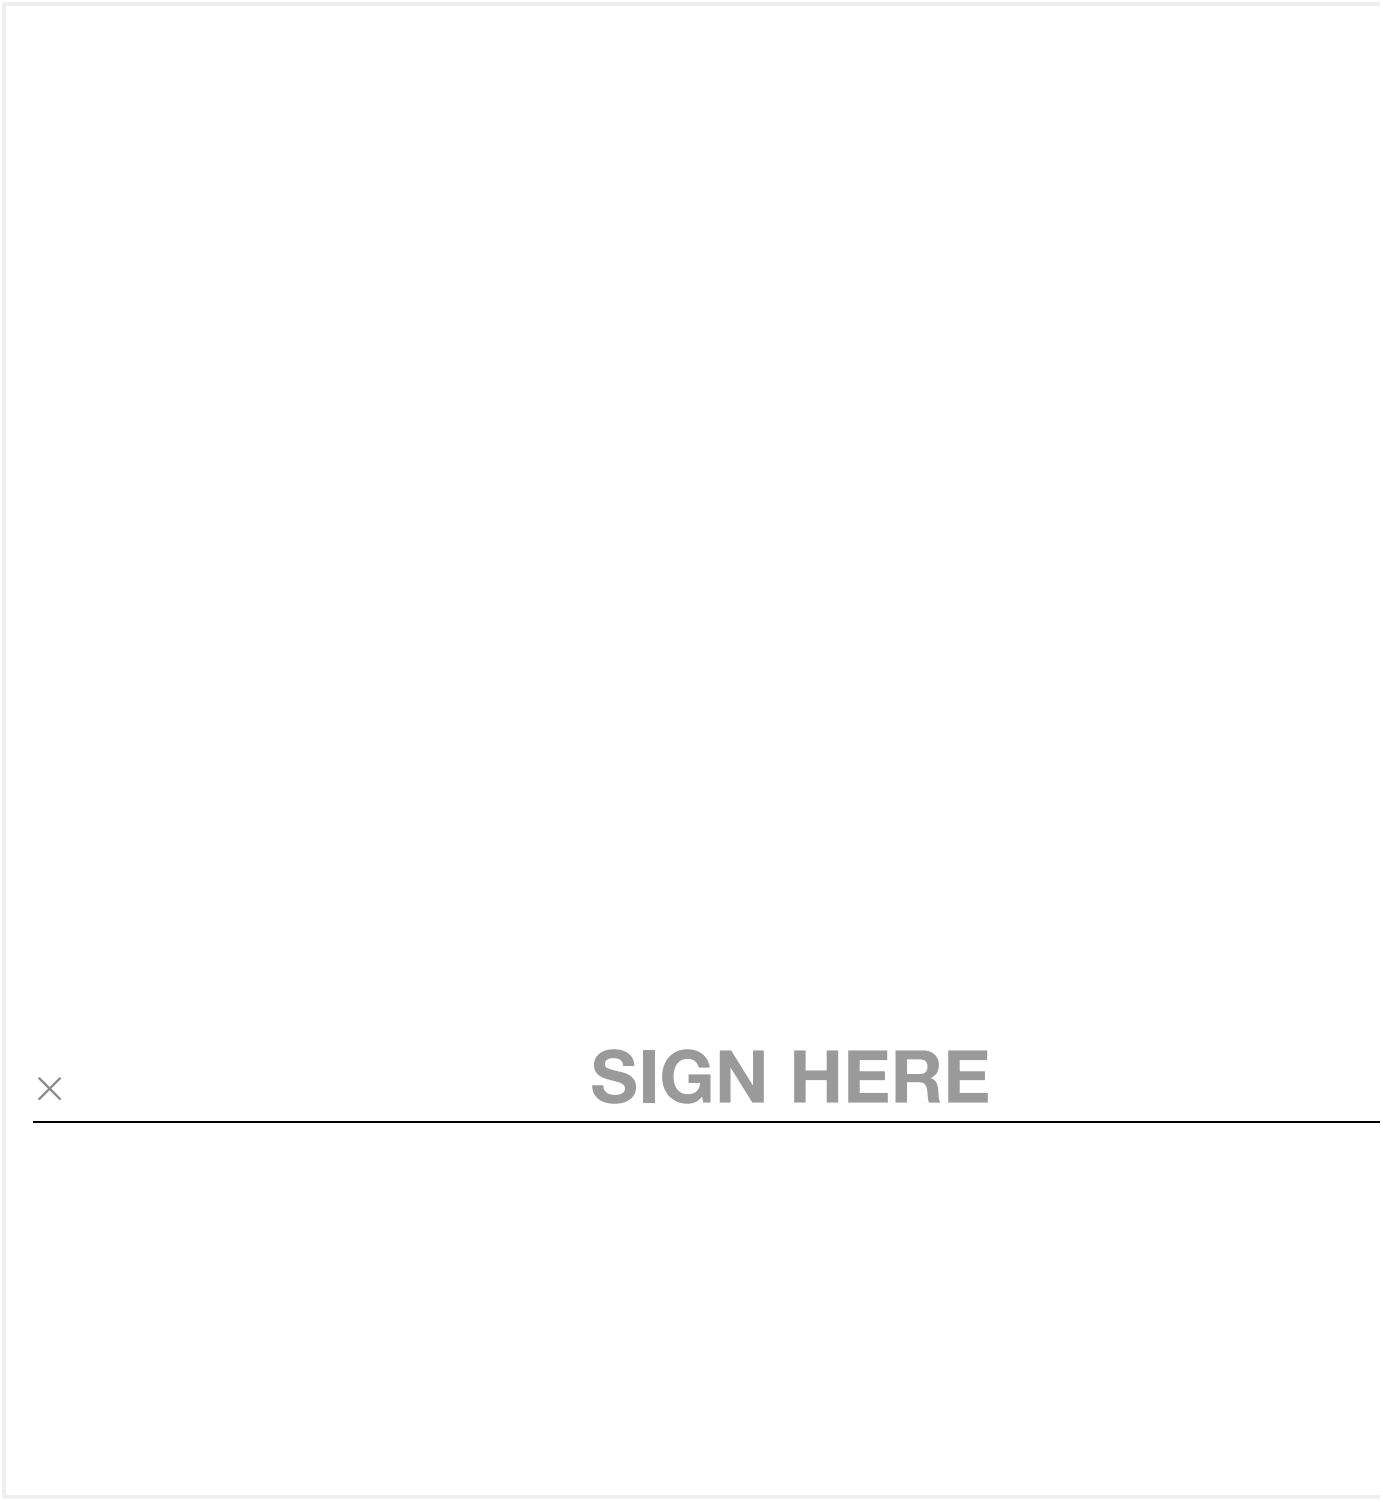

Your Turn! Draw on the image to show your own thought process.

In the question "*What is the height of the heaviest person in this chart?*"
you answered: ${q://QID162/ChoiceTextEntryValue}

Please draw on the image (by clicking and dragging your mouse) to show how/where you found your answer.

Notice that you can clear your drawing and start again by using the "clear" button on the bottom right.

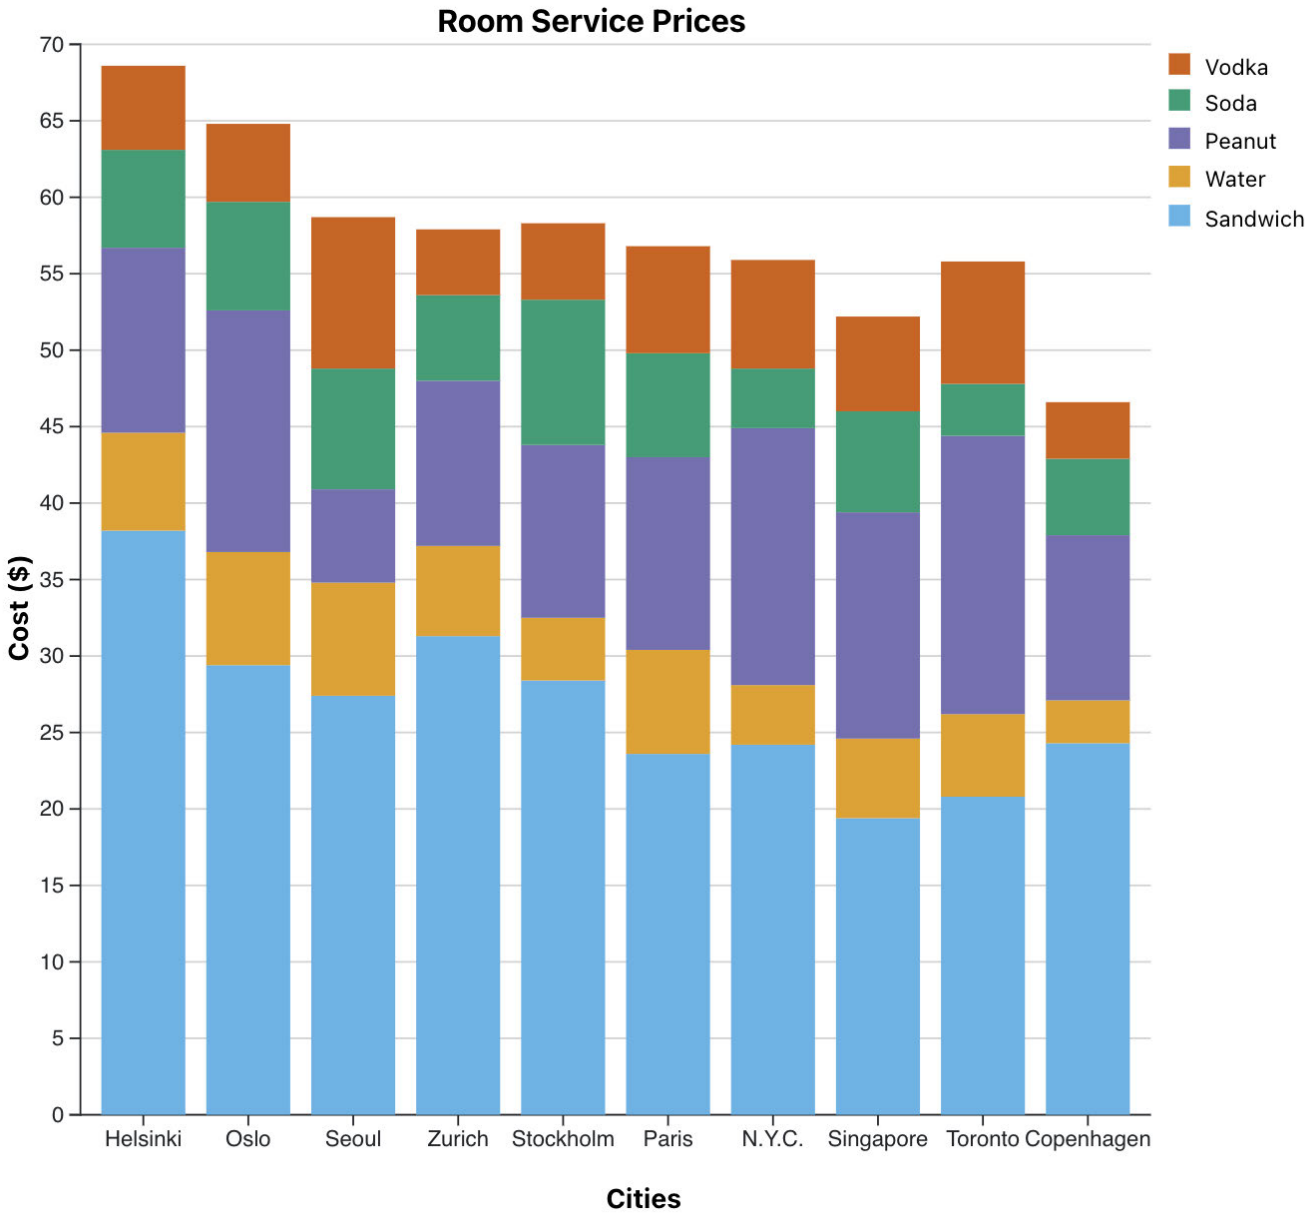

You may also be asked to explain your thought process. What did you find helpful to get to your answer? Was there anything that you found confusing?

Ok! Let's get started! Click the proceed button when you are ready to start the study questions.

Stacked Bar Q1

What percentage of the room service cost in Copenhagen, comes from the sandwich?

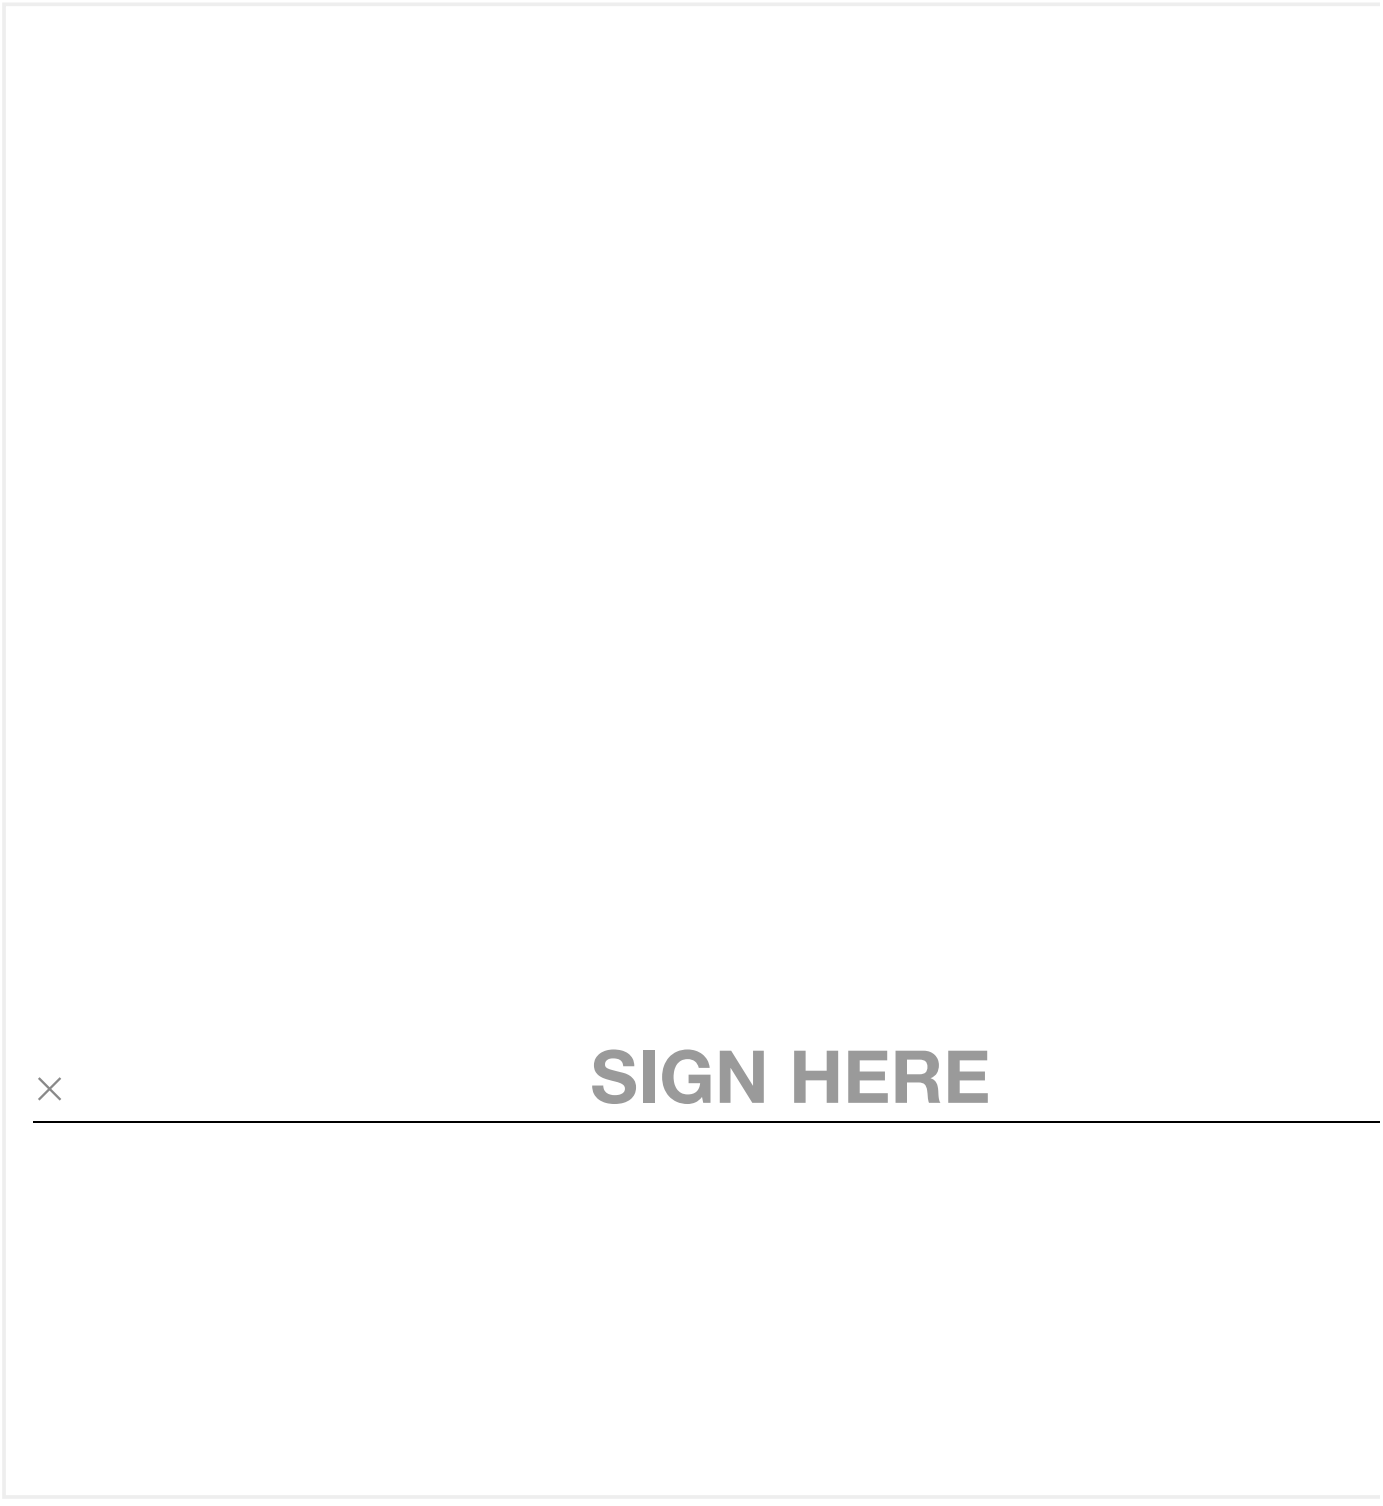

(Please enter a number between 1 and 100, representing the percentage (%))

What percentage of the room service cost in Copenhagen comes from the sandwich?

Your answer: ${q://QID129/ChoiceTextEntryValue}

Please draw on the image (with your mouse) to show how/where you found your

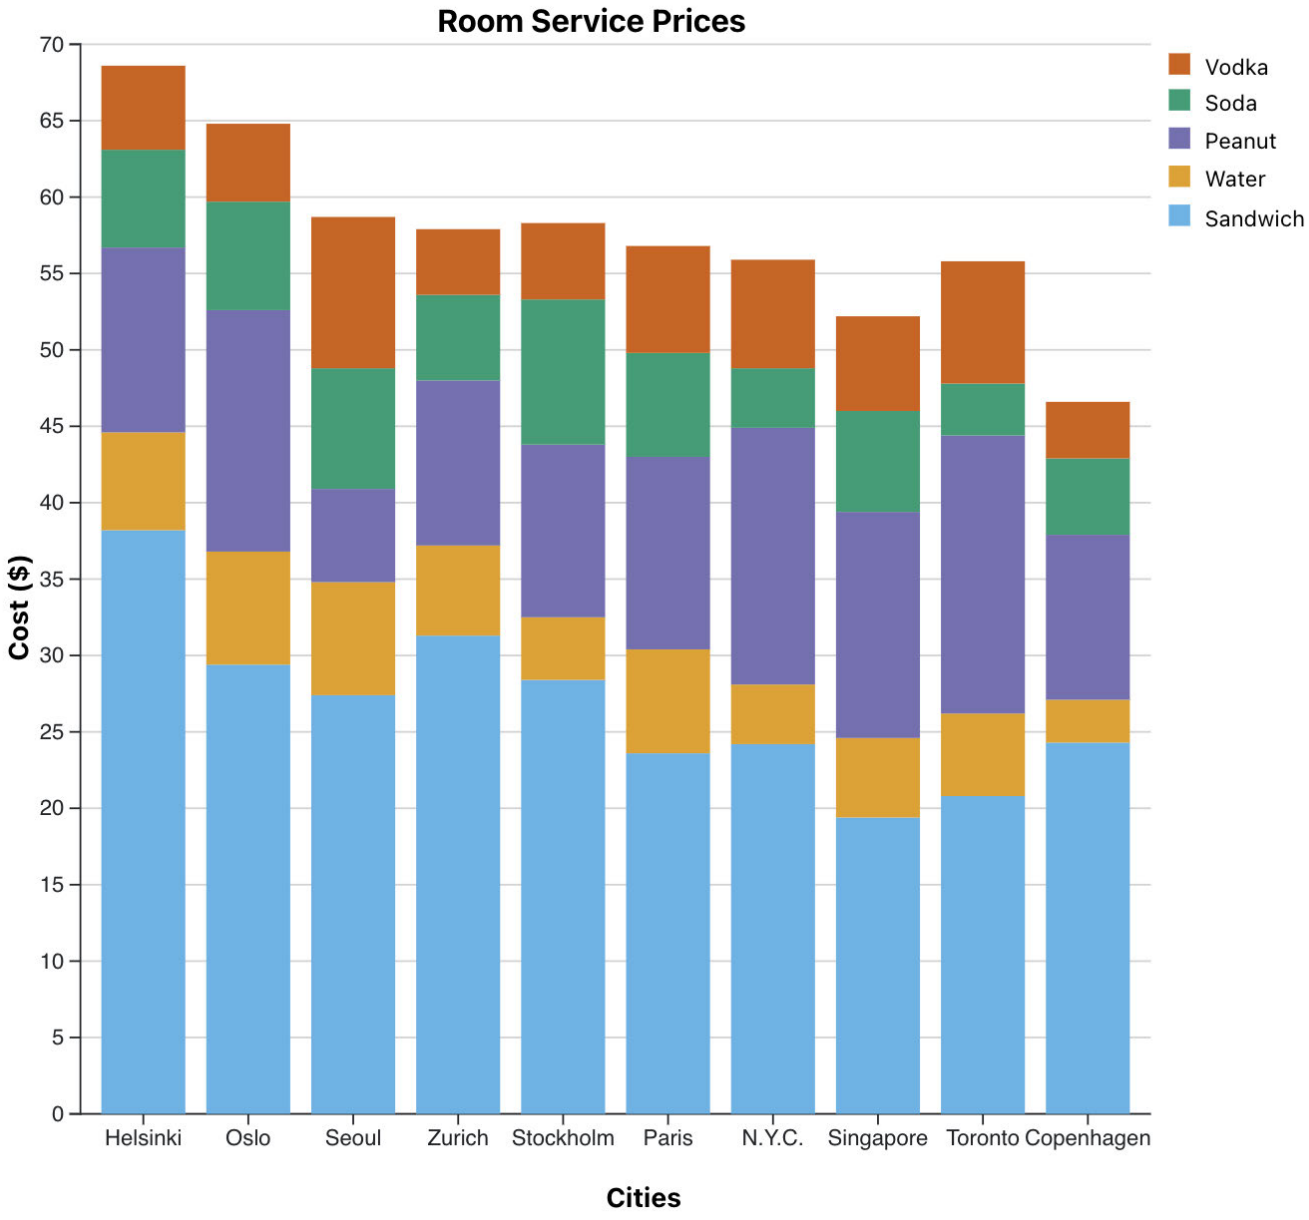

answer.

Please explain your thought process. What did you find helpful to get to your answer? Was there anything that you found confusing?

Stacked Bar Q2

In which city is the cost of soda the highest?

In which city is the cost of soda the highest?

Your answer: ${q://QID131/ChoiceGroup/SelectedChoices}

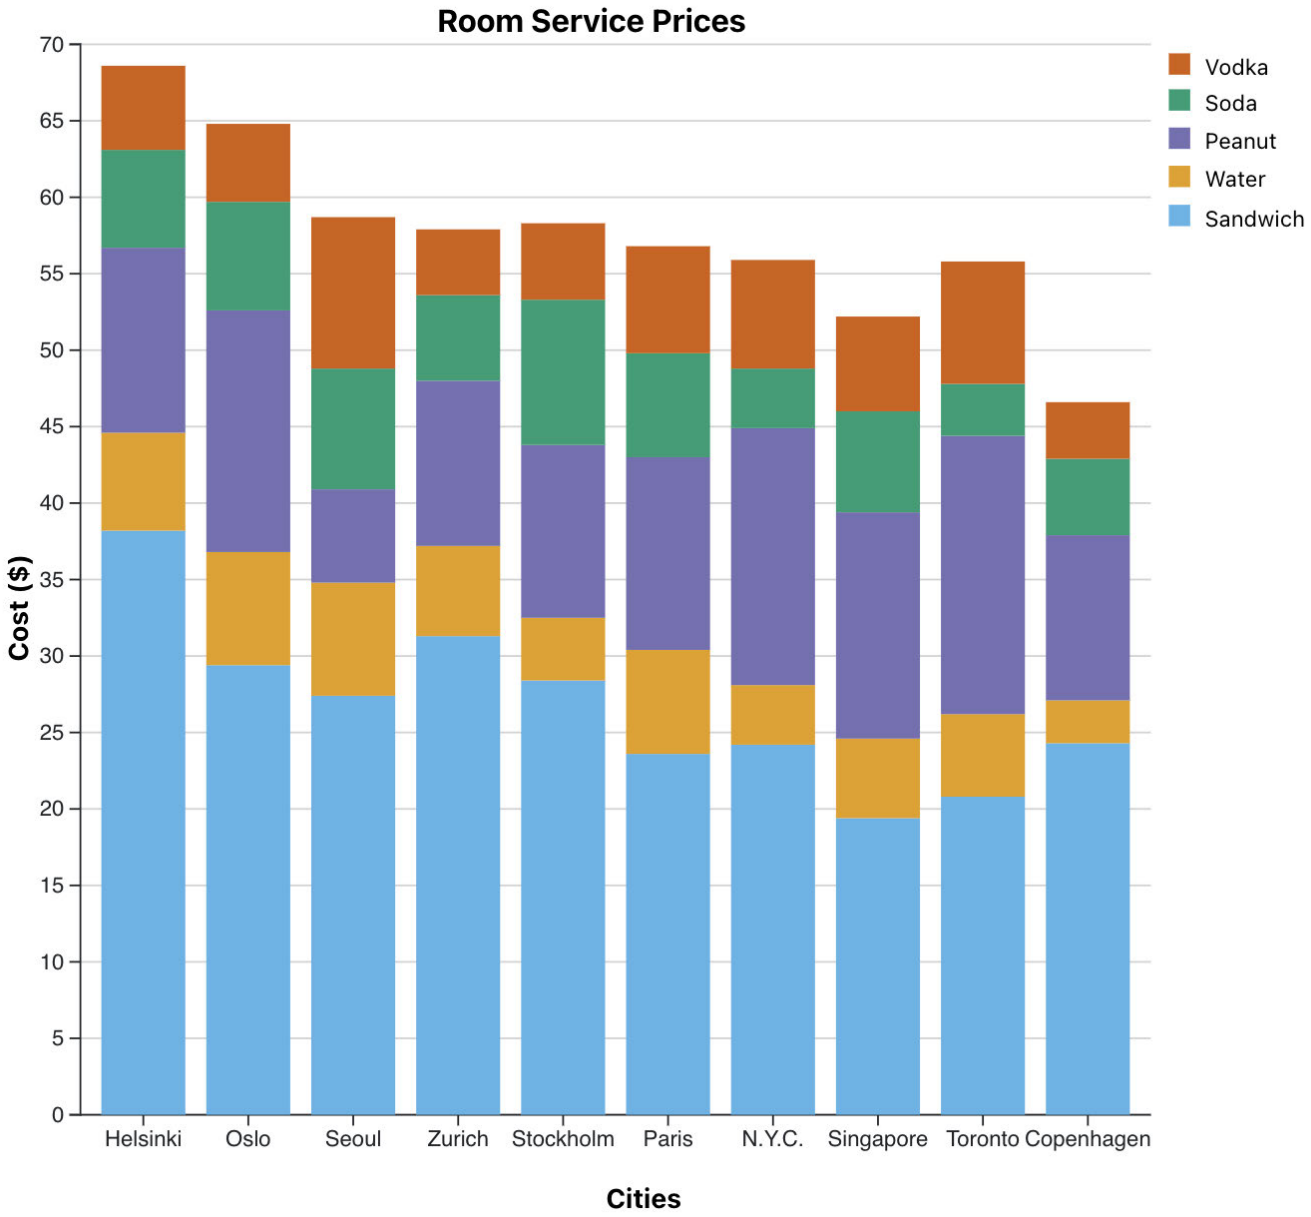

Please draw on the image to show how/where you found your answer.

Please explain your thought process. What did you find helpful to get to your answer? Was there anything that you found confusing?

Stacked Bar Q3

The cost of vodka in Helsinki is higher than that of Toronto.
True or False?

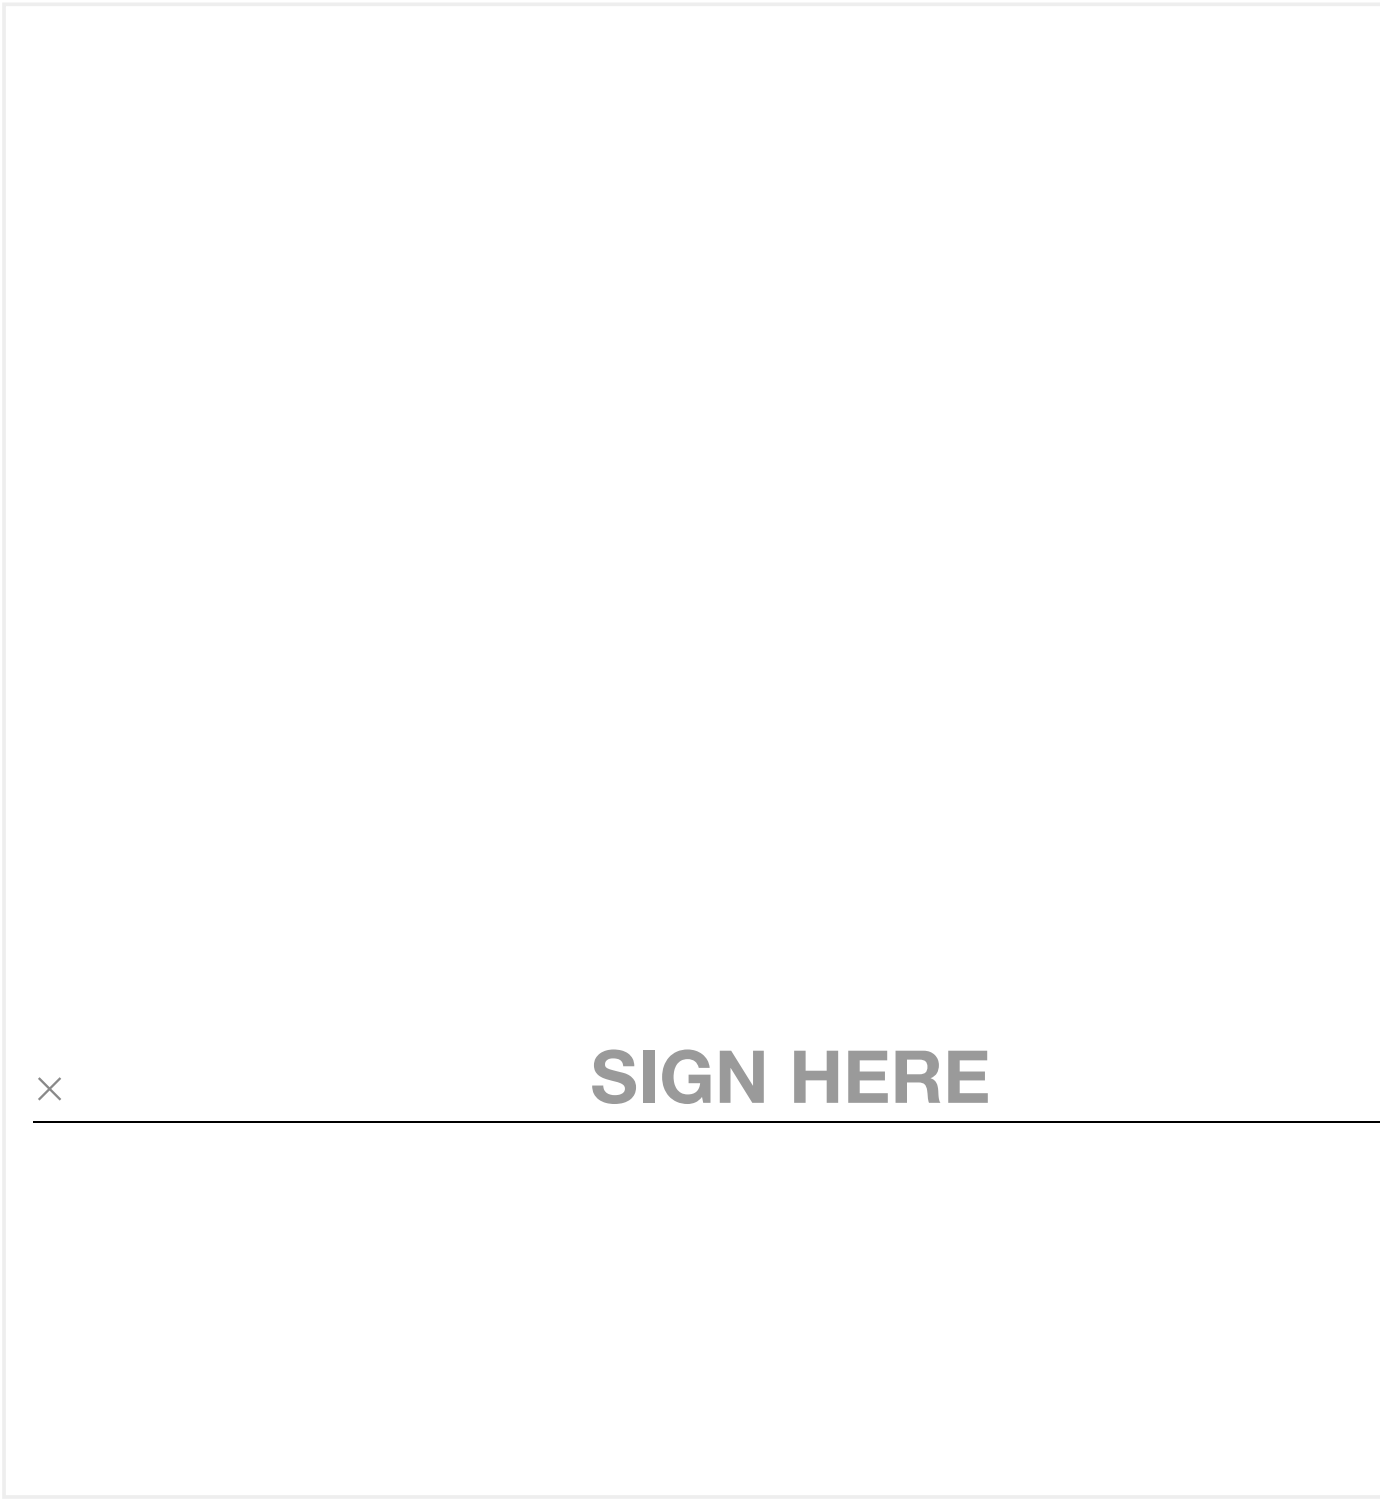

- ○ True
- ○ False
- ○ I'm not sure
- ○ Impossible to answer with this visualization.

The cost of vodka in Helsinki is higher than that of Toronto. True or False?

Your answer: ${q://QID133/ChoiceGroup/SelectedChoices}

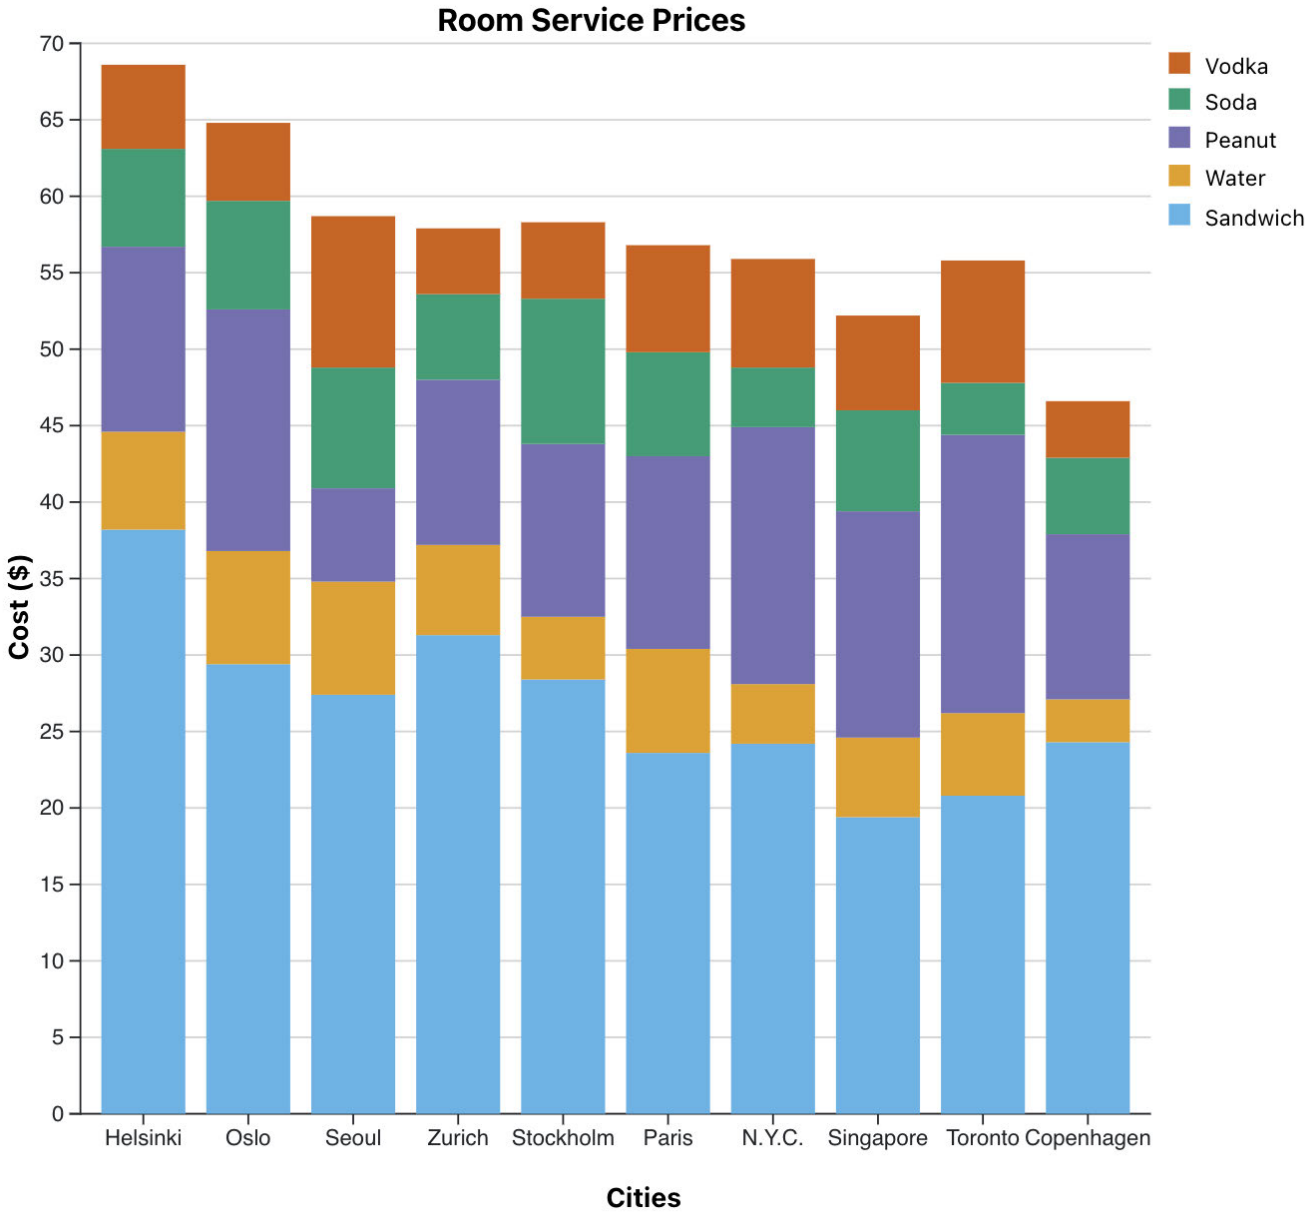

Please draw on the image to show how/where you found your answer.

Please explain your thought process. What did you find helpful to get to your answer? Was there anything that you found confusing?

Stacked Bar Q4

The ratio of the cost of Soda to the cost of Water is higher in N.Y.C than in Stockholm.
True or False?

○ True

- ○ False
- ○ I'm not sure
- ○ Impossible to answer with this visualization.

The ratio of the cost of Soda to the cost of Water is higher in N.Y.C than in Stockholm. True or False?
Your answer: ${q://QID137/ChoiceGroup/SelectedChoices}

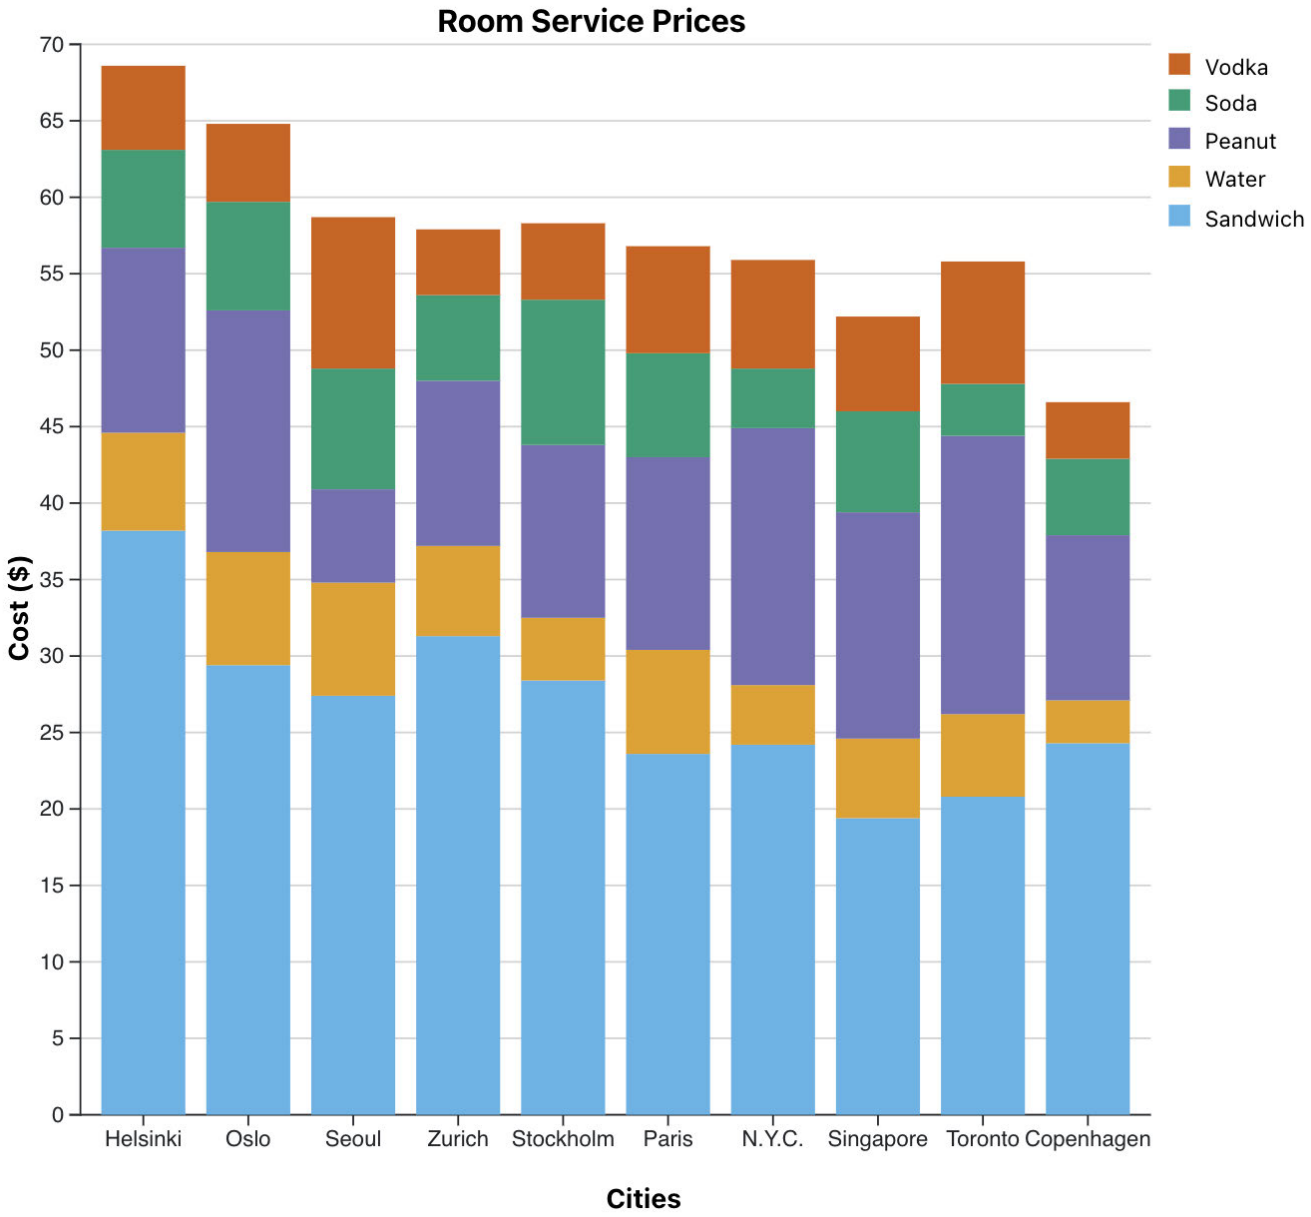

Please draw on the image to show how/where you found your answer.

Please explain your thought process. What did you find helpful to get to your answer? Was there anything that you found confusing?

Stacked Bar Q5

What is the cost of peanuts in room service in Seoul?

(Please enter number only)

What is the cost of peanuts in room service in Seoul?

Your answer: ${q://QID139/ChoiceTextEntryValue}

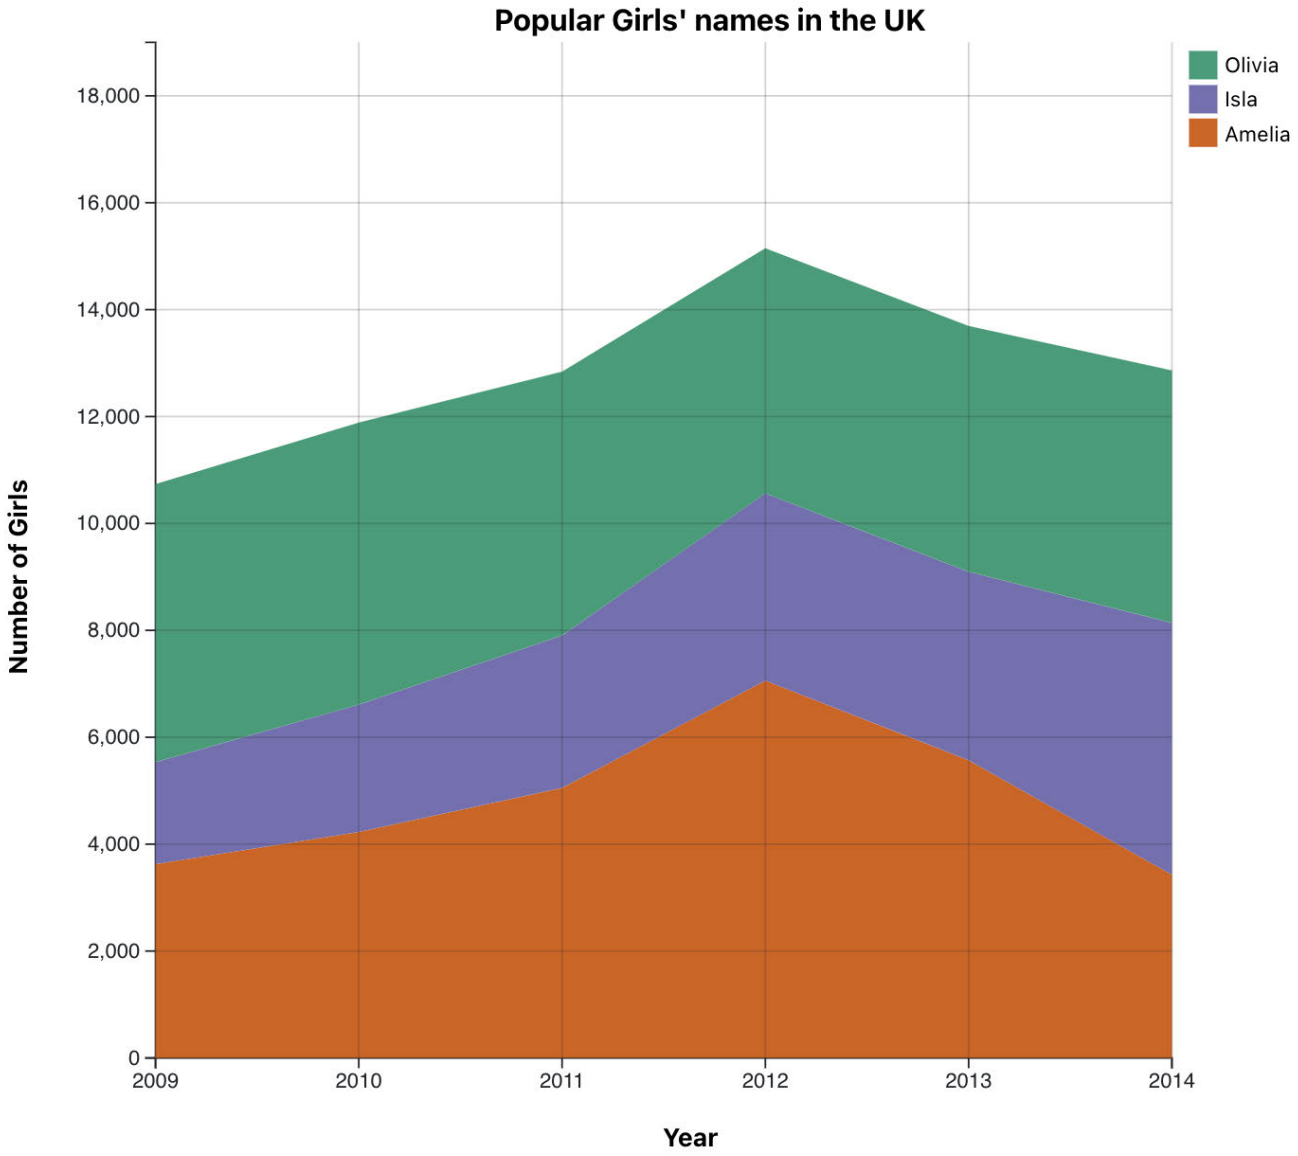

Please draw on the image to show how/where you found your answer.

Please explain your thought process. What did you find helpful to get to your answer? Was there anything that you found confusing?

Stacked Area - Q1

What was the number of girls named 'Isla' in 2010 in the UK?

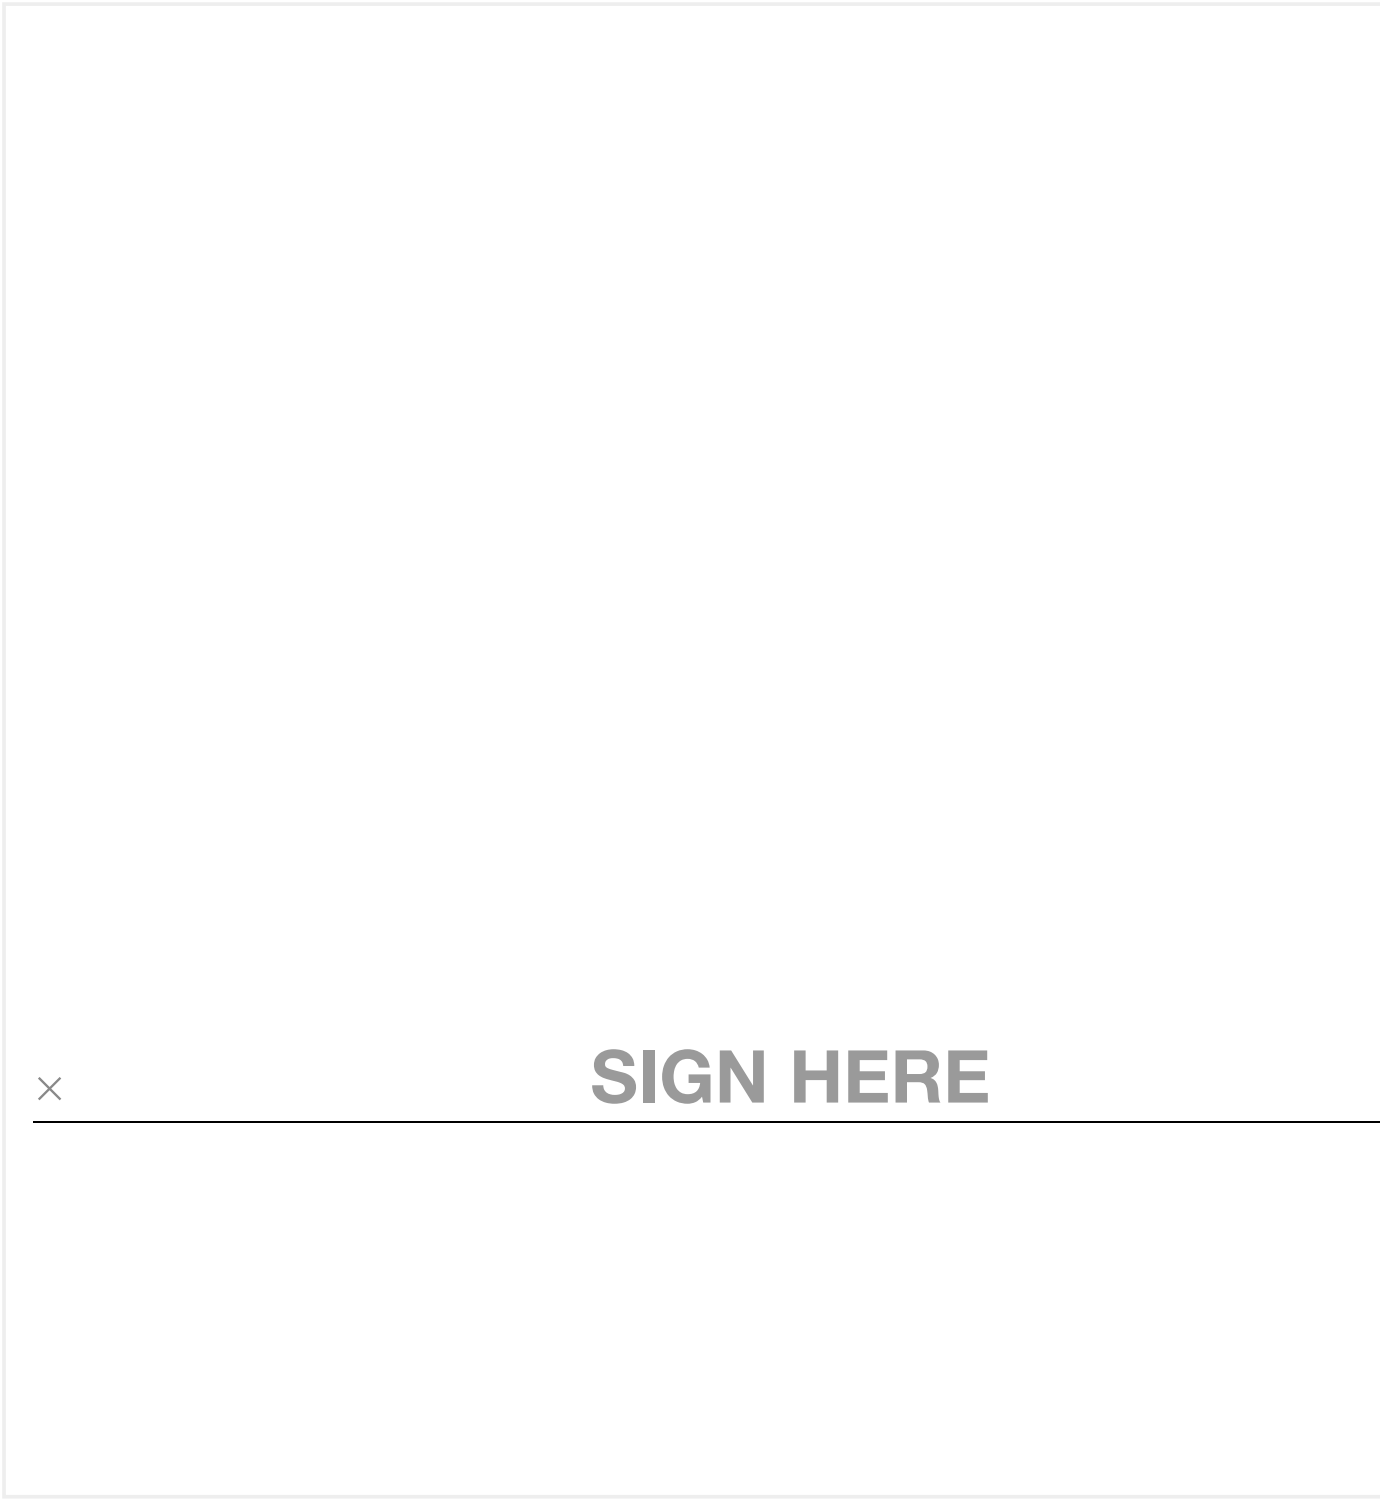

(Please enter number only)

What was the number of girls named 'Isla' in 2010 in the UK?

Your answer: ${q://QID115/ChoiceTextEntryValue}

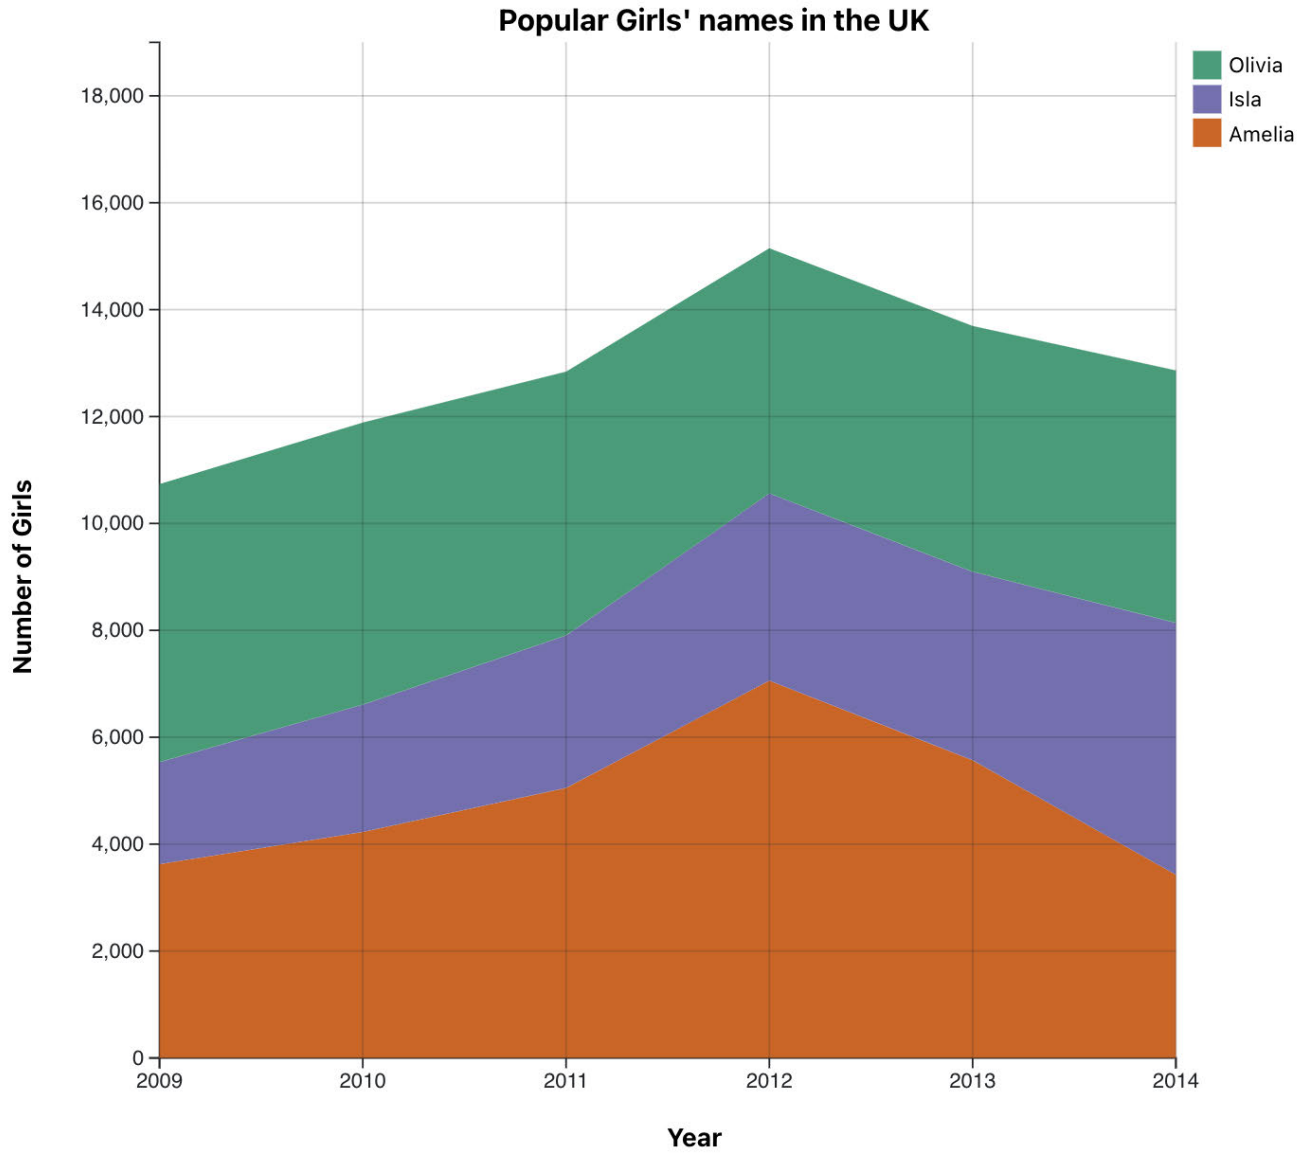

Please draw on the image to show how/where you found your answer.

Please explain your thought process. What did you find helpful to get to your answer? Was there anything that you found confusing?

Stacked Area - Q2

Over the course of years between 2009 and 2014, the number of girls named 'Isla' was always more than 'Amelia'.
True or False?

- ○ True
- ○ False

- ○ I'm not sure
- ○ Impossible to answer with this visualization.

Over the course of years between 2009 and 2014, the number of girls named 'Isla' was always more than 'Amelia'. True or False?
Your answer: ${q://QID125/ChoiceGroup/SelectedChoices}

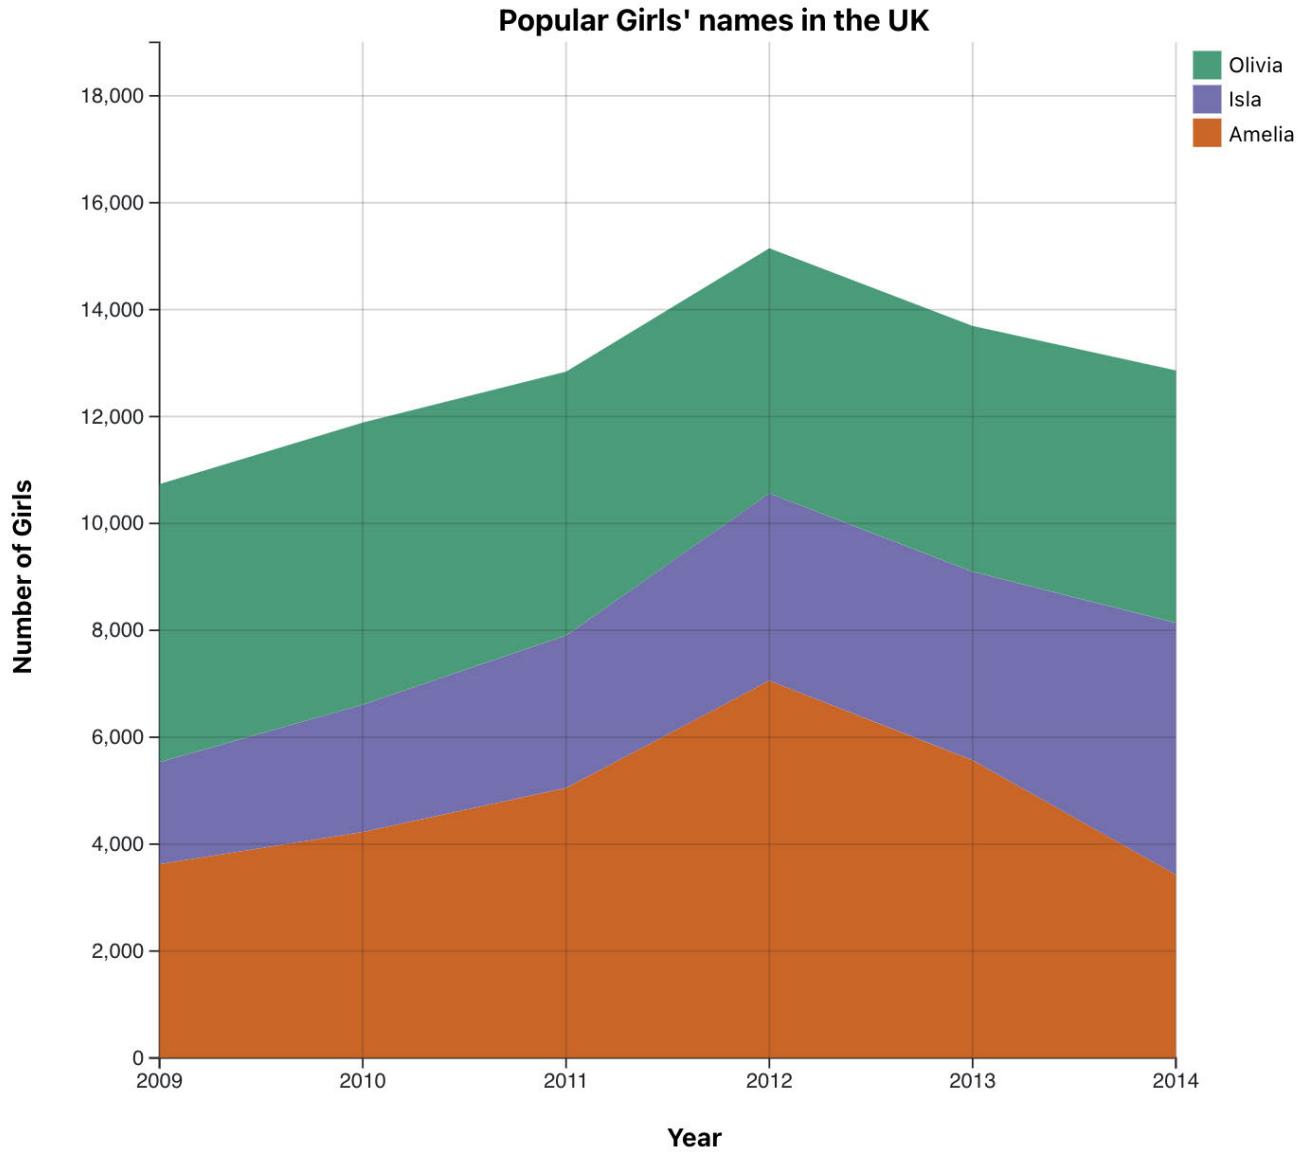

Please draw on the image to show how/where you found your answer.

Please explain your thought process. What did you find helpful to get to your answer? Was there anything that you found confusing?

Stacked Area - Q3

Over the course of years between 2009 and 2014, when was the number of girls named 'Isla' at the maximum?

Over the course of years between 2009 and 2014, when was the number of girls named 'Isla' at the maximum?

Your answer: ${q://QID117/ChoiceGroup/SelectedChoices}

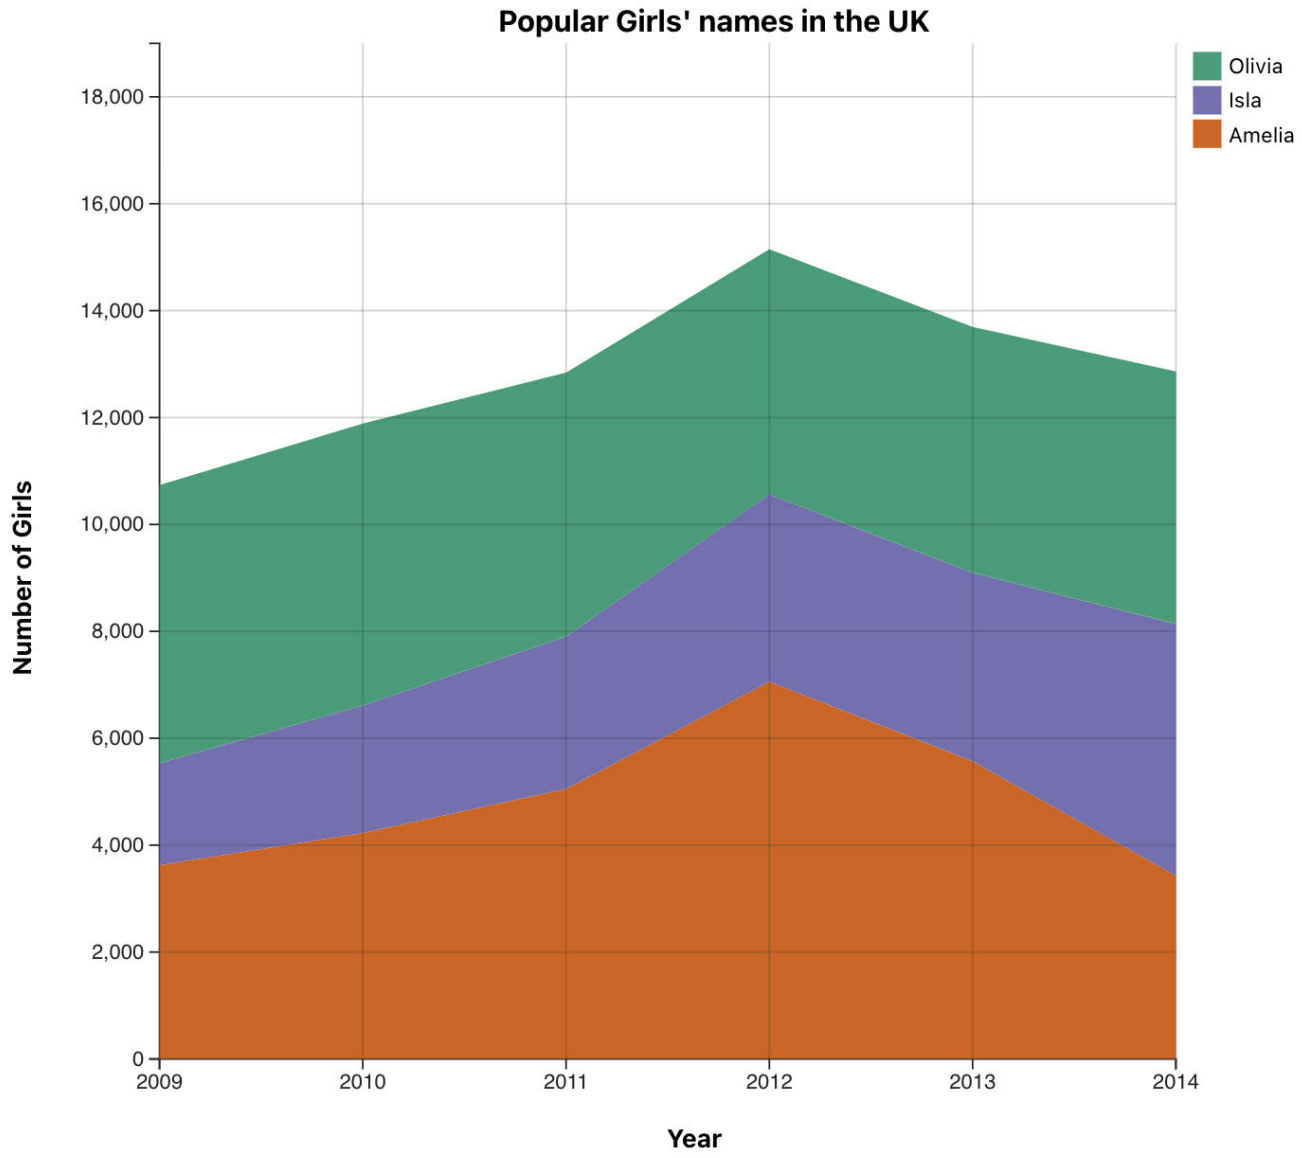

Please draw on the image to show how/where you found your answer.

Please explain your thought process. What did you find helpful to get to your answer? Was there anything that you found confusing?

Stacked Area - Q4

The number of girls named 'Olivia' was _____ from 2009 to 2012.

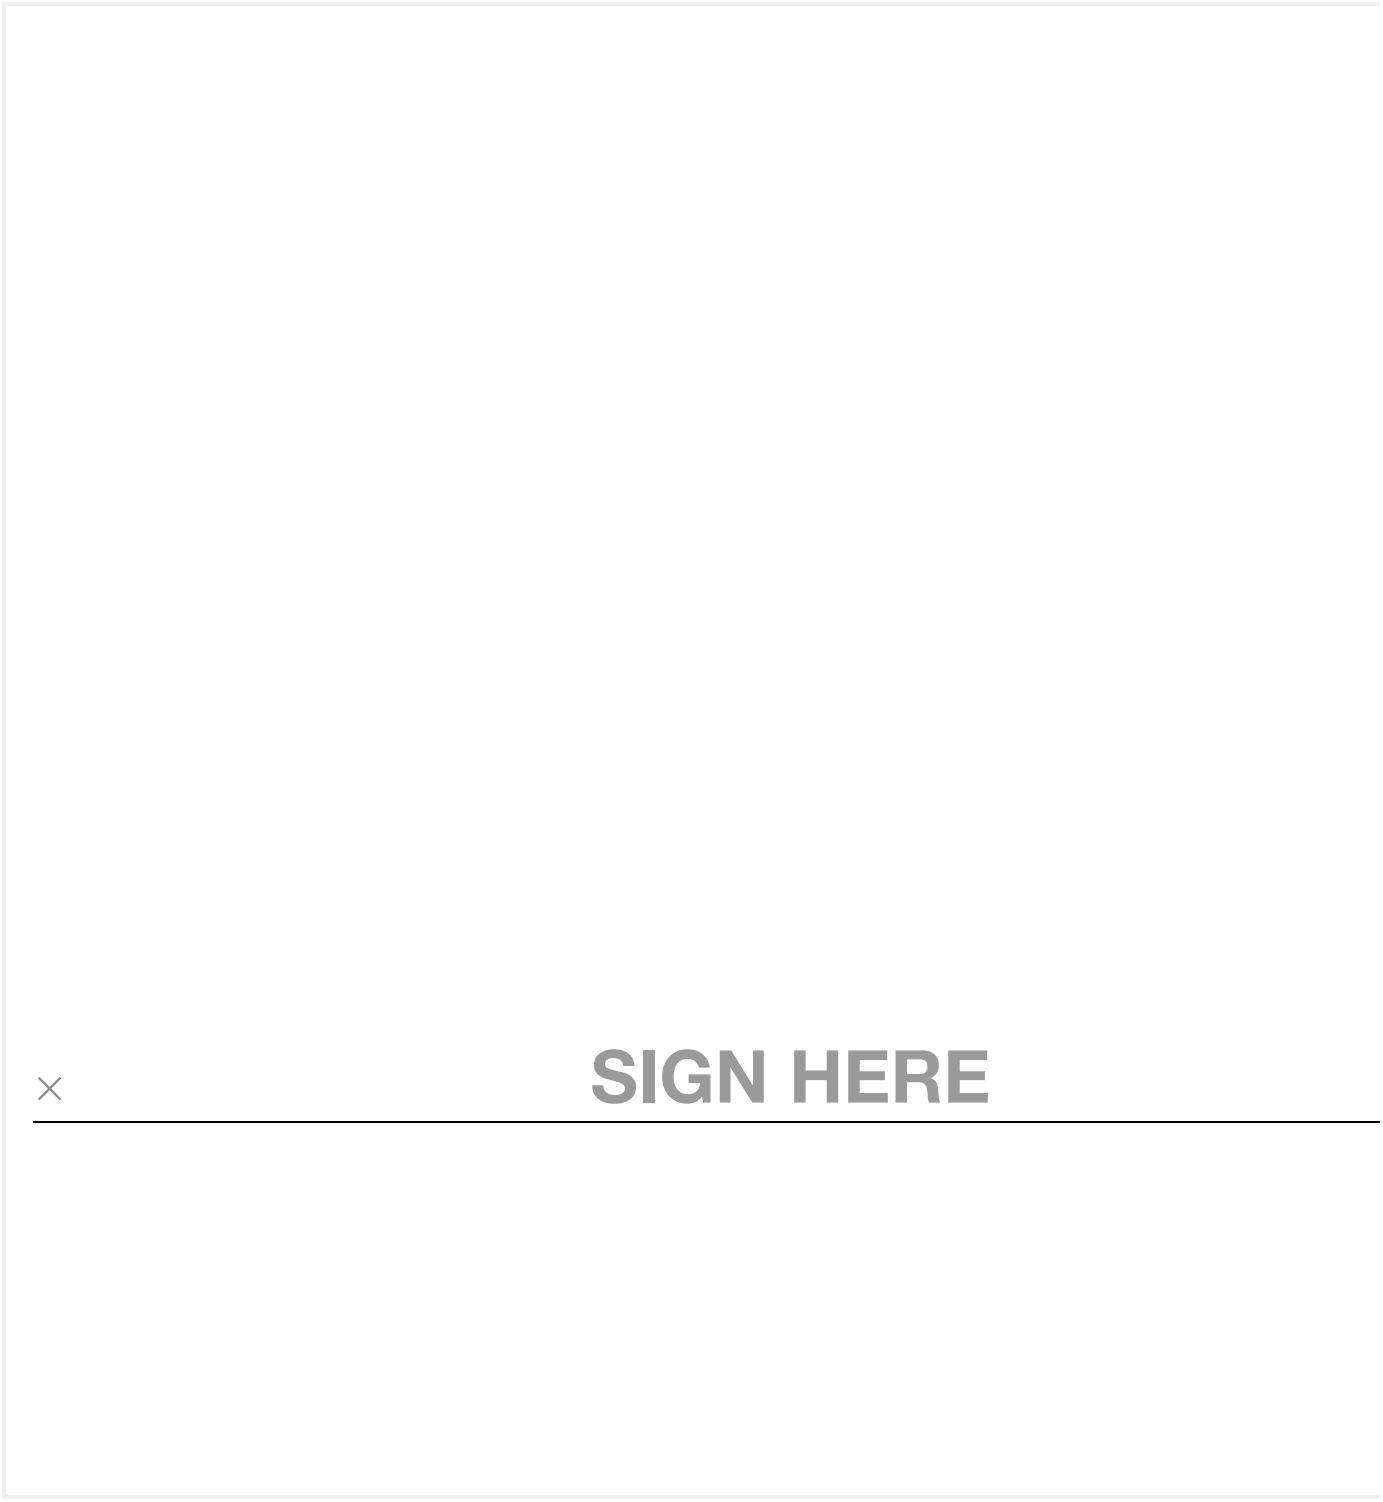

- ○ Rising
- ○ Falling
- ○ Constant
- ○ I'm not sure
- ○ Impossible to answer with this visualization.

The number of girls named 'Olivia' was _____ from 2009 to 2012.

Your answer: ${q://QID119/ChoiceGroup/SelectedChoices}

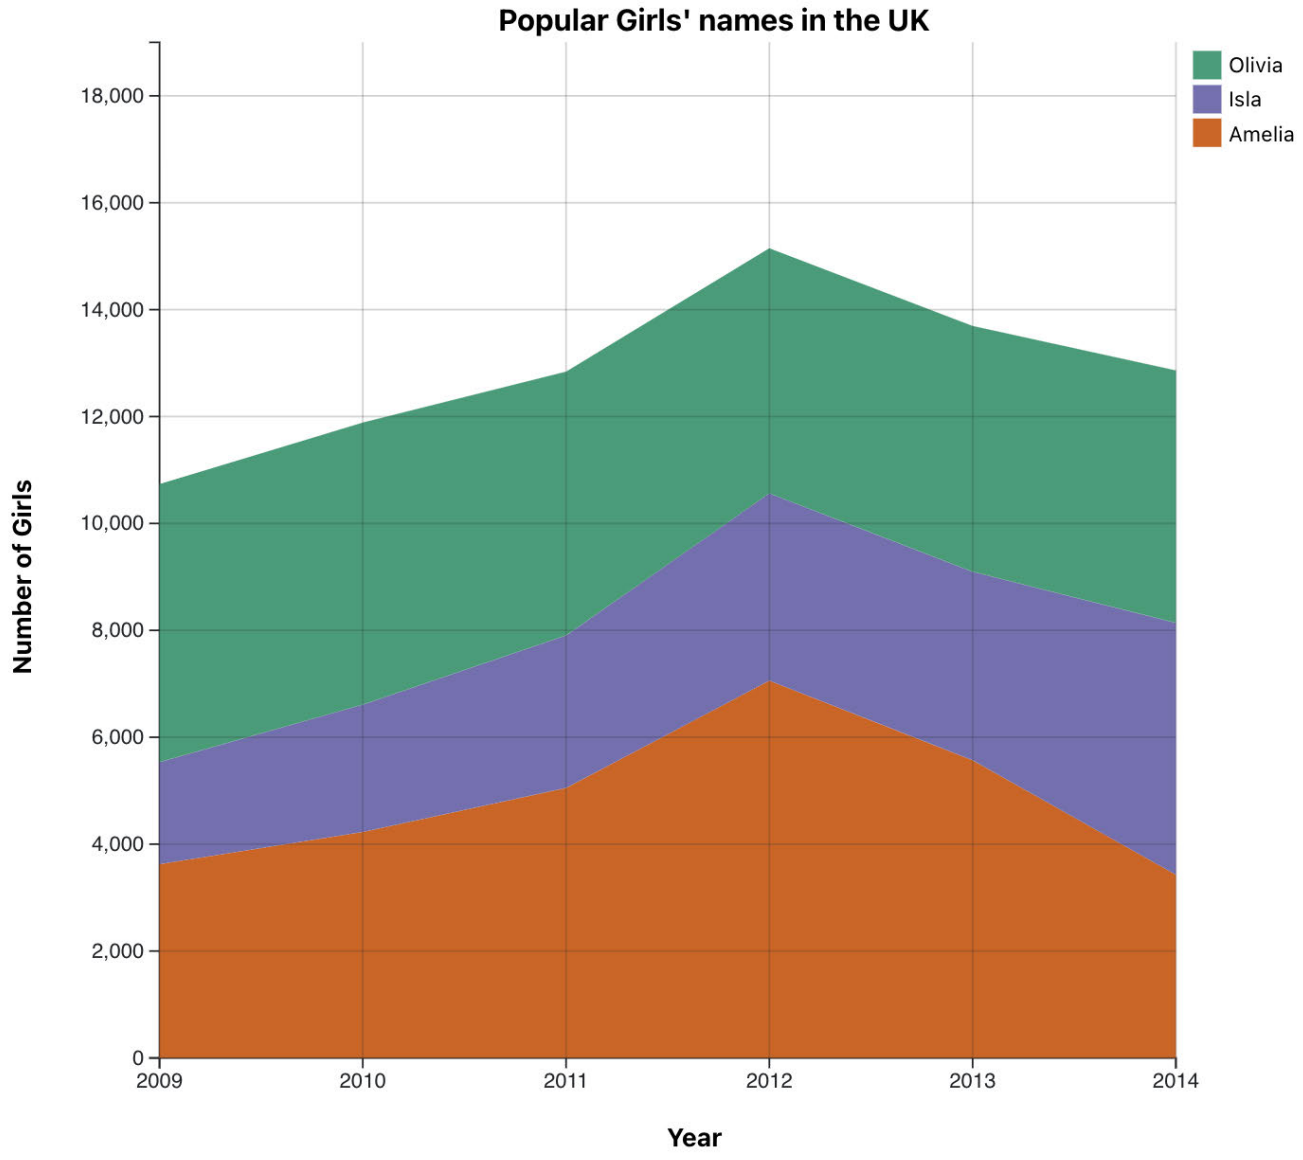

Please draw on the image to show how/where you found your answer.

Please explain your thought process. What did you find helpful to get to your answer? Was there anything that you found confusing?

Stacked Area - Q5

In the UK, the number of girls named ‘Isla’ in 2014 was more than it was in 2013. True or False?

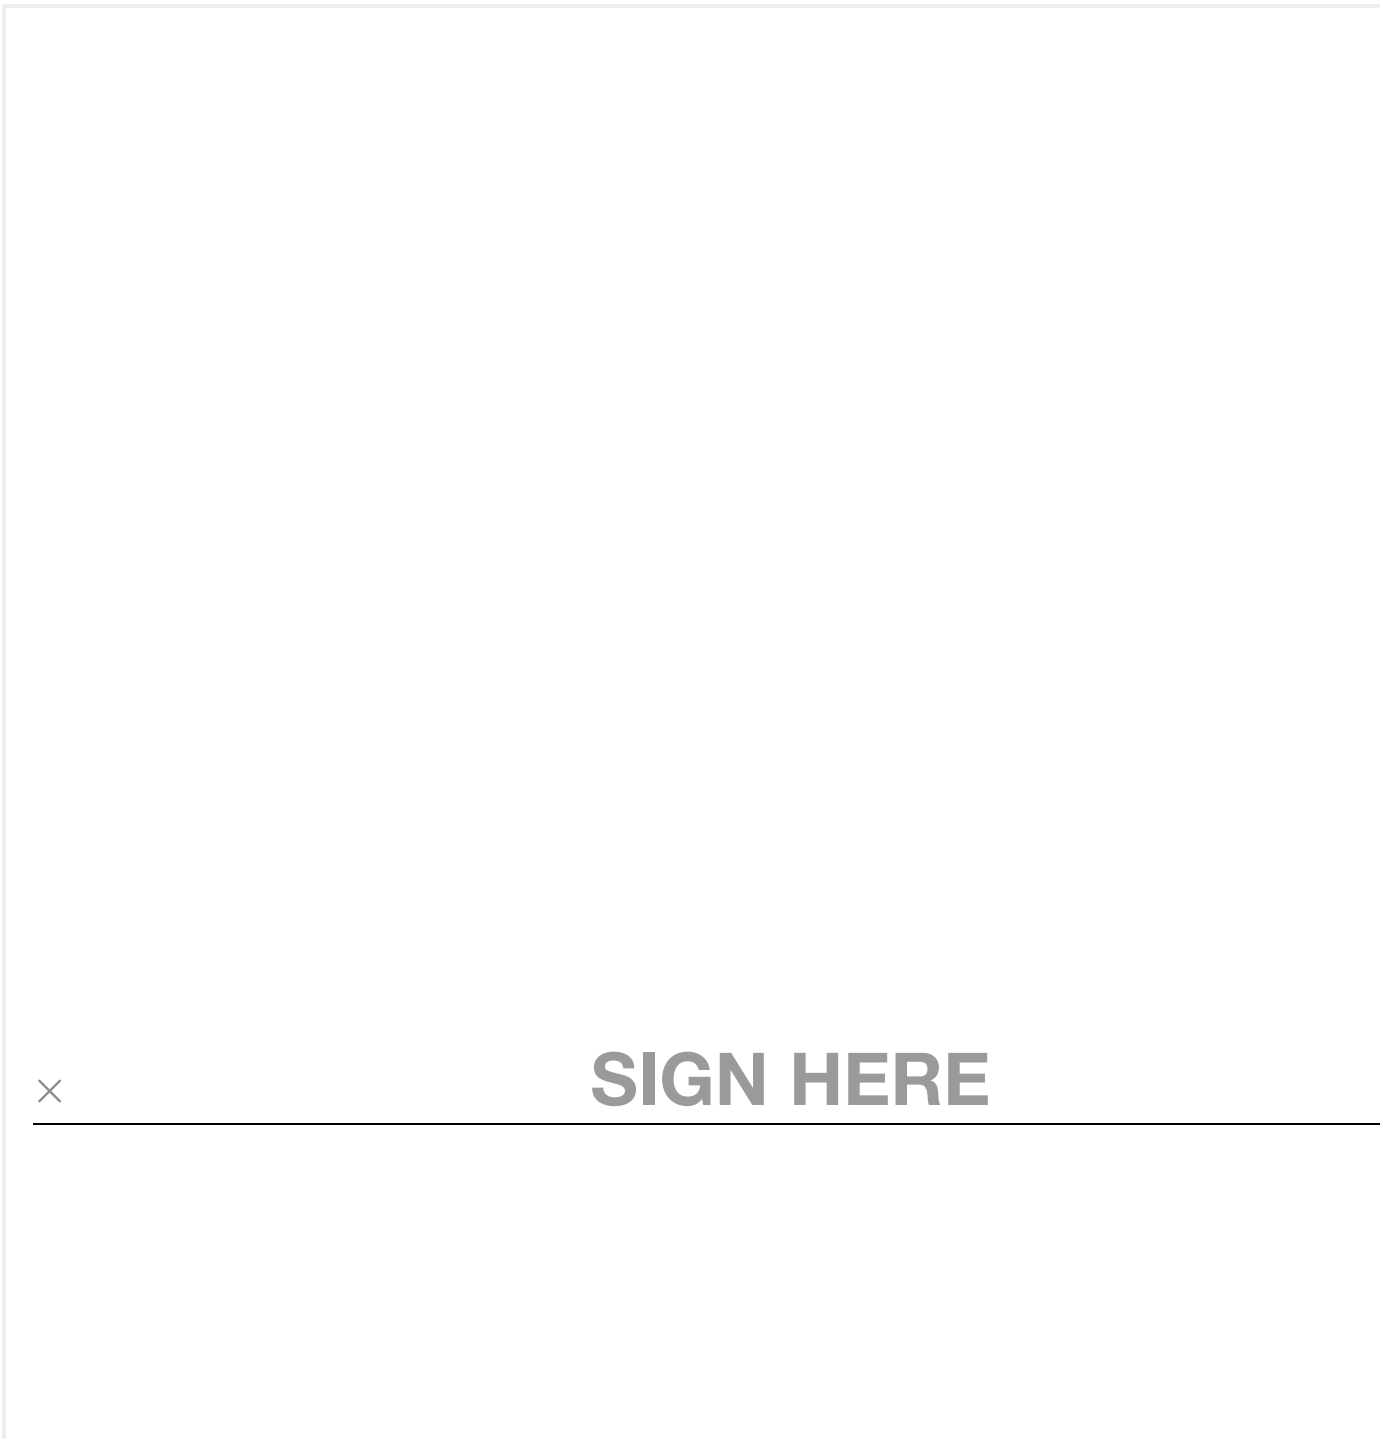

- ○ True
- ○ False
- ○ I'm not sure

○ Impossible to answer with this visualization.

In the UK, the number of girls named ‘Isla’ in 2014 was more than it was in 2013. True or False?

Your answer: ${q://QID121/ChoiceGroup/SelectedChoices}

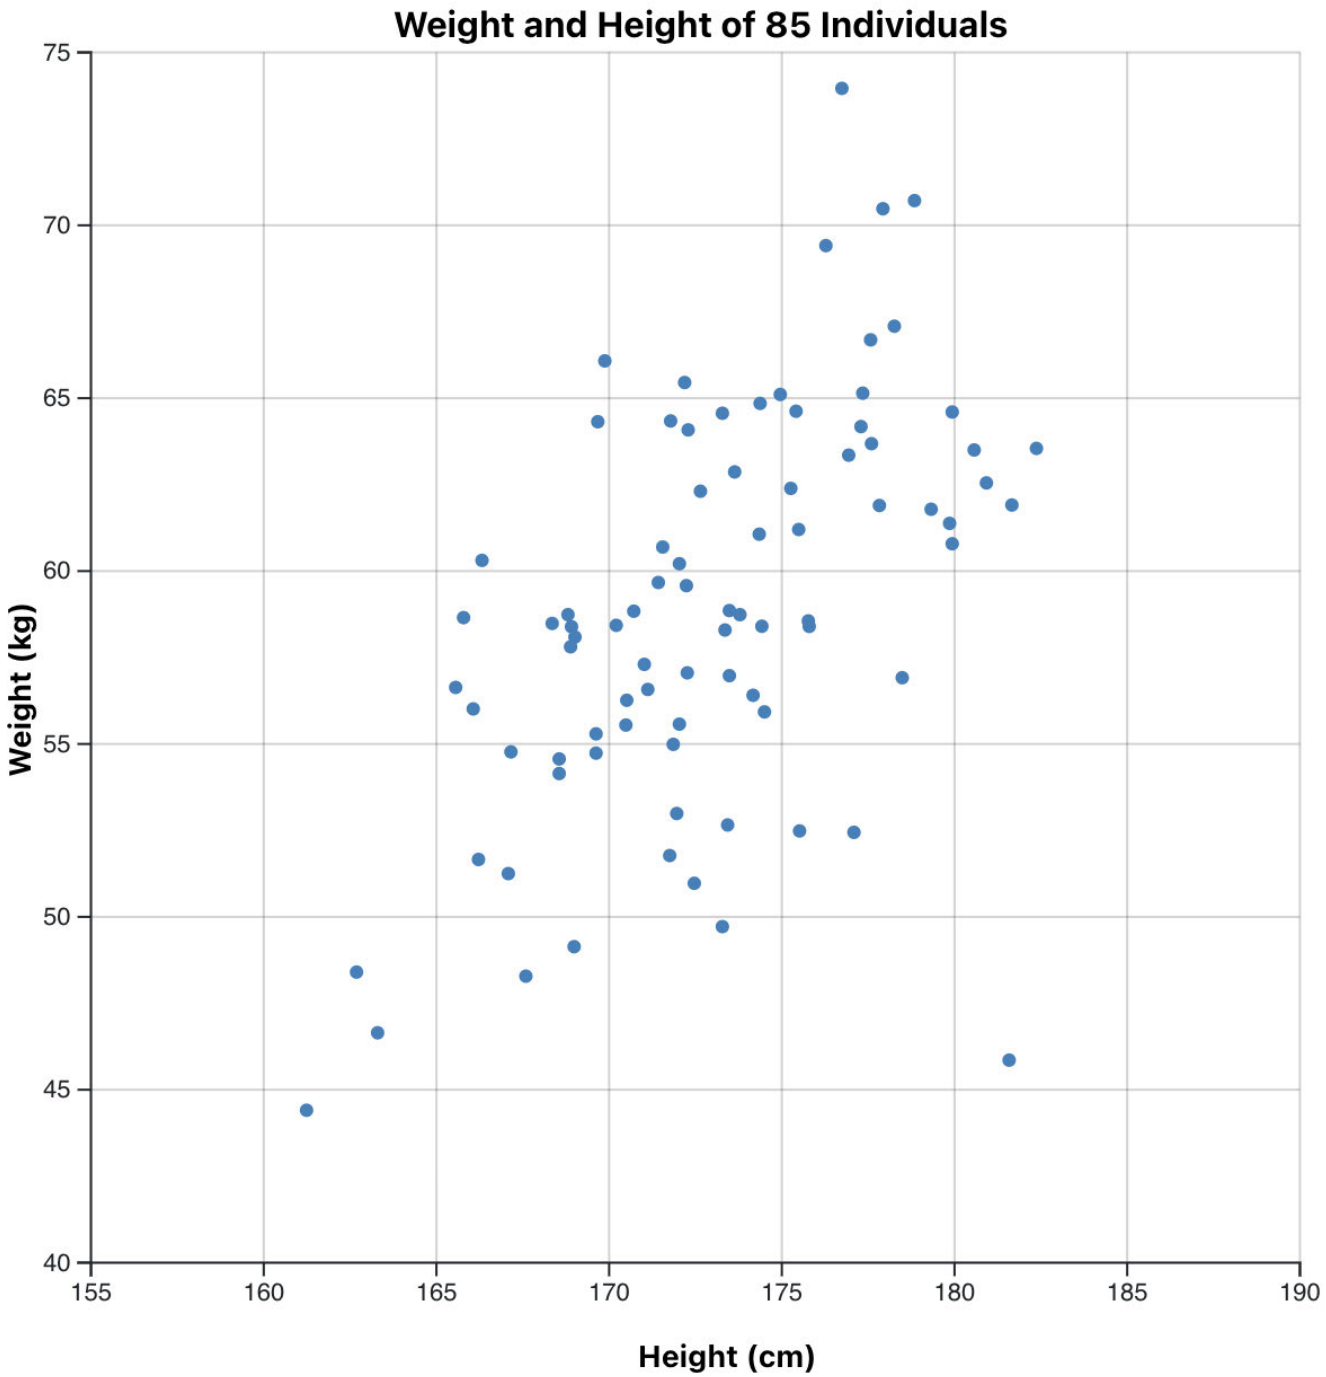

Please draw on the image to show how/where you found your answer.

Please explain your thought process. What did you find helpful to get to your answer? Was there anything that you found confusing?

Scatter Plot - Q1

What is the weight for the person who is 161 cm tall?

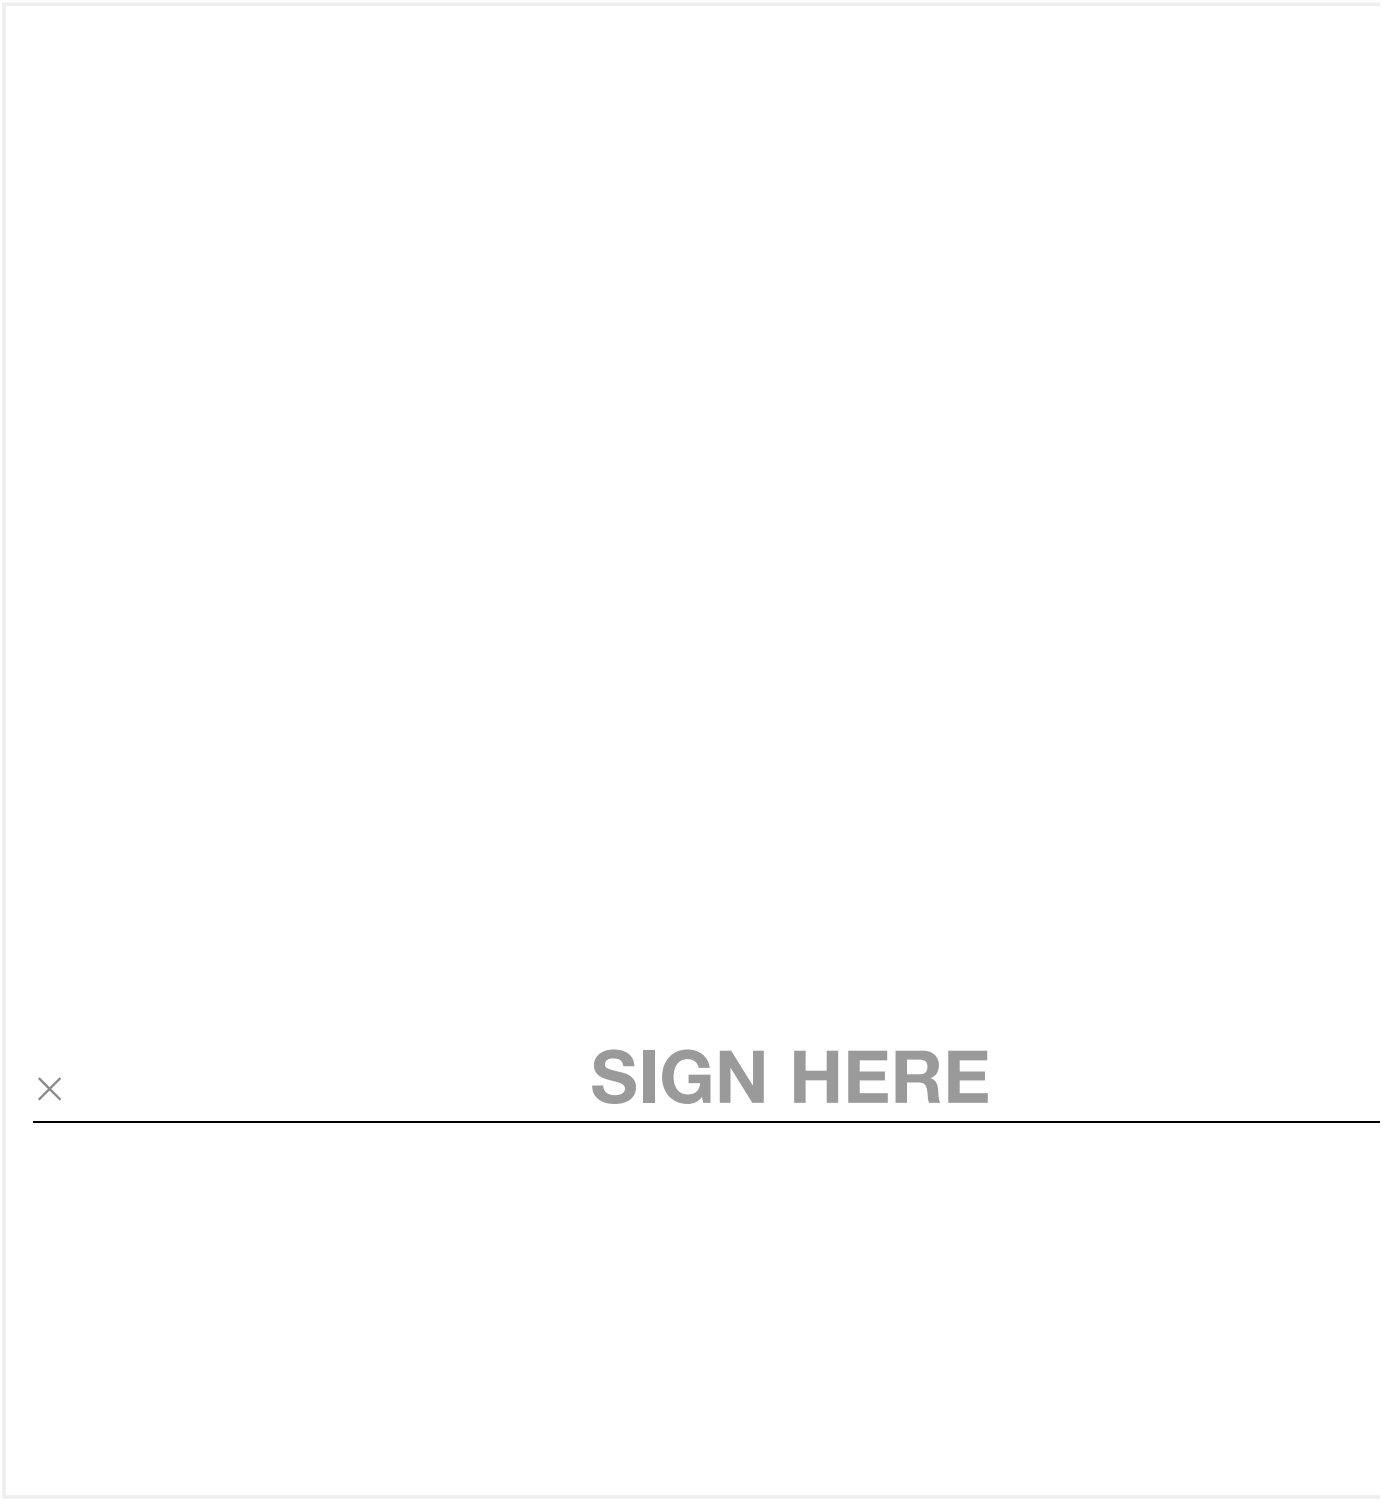

(Please enter a numeric value (no units))

What is the weight for the person who is 161 cm tall?

Your answer: ${q://QID79/ChoiceTextEntryValue}

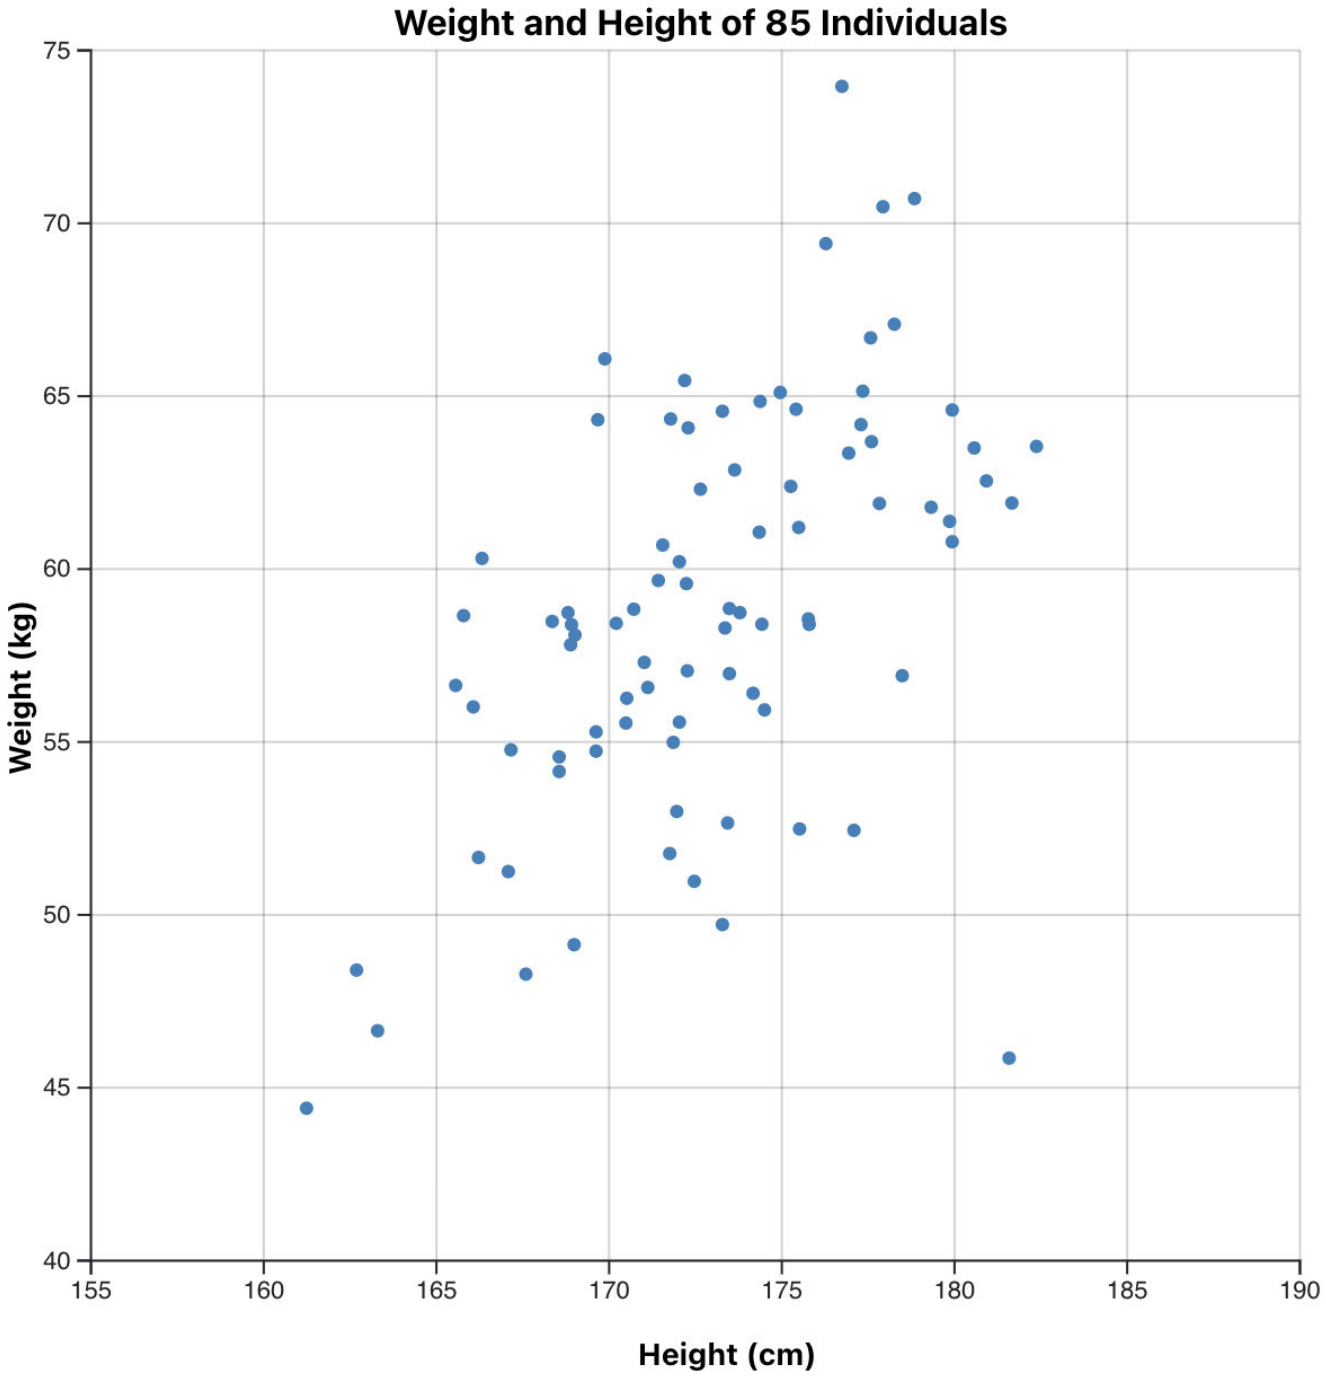

Please draw on the image to show how/where you found your answer.

Please explain your thought process. What did you find helpful to get to your answer? Was there anything that you found confusing?

Scatter Plot - Q2

What is the height for the tallest person among the 85 individuals?

(Please enter number only)

What is the height for the tallest person among the 85 individuals?'

Your answer: ${q://QID90/ChoiceTextEntryValue}

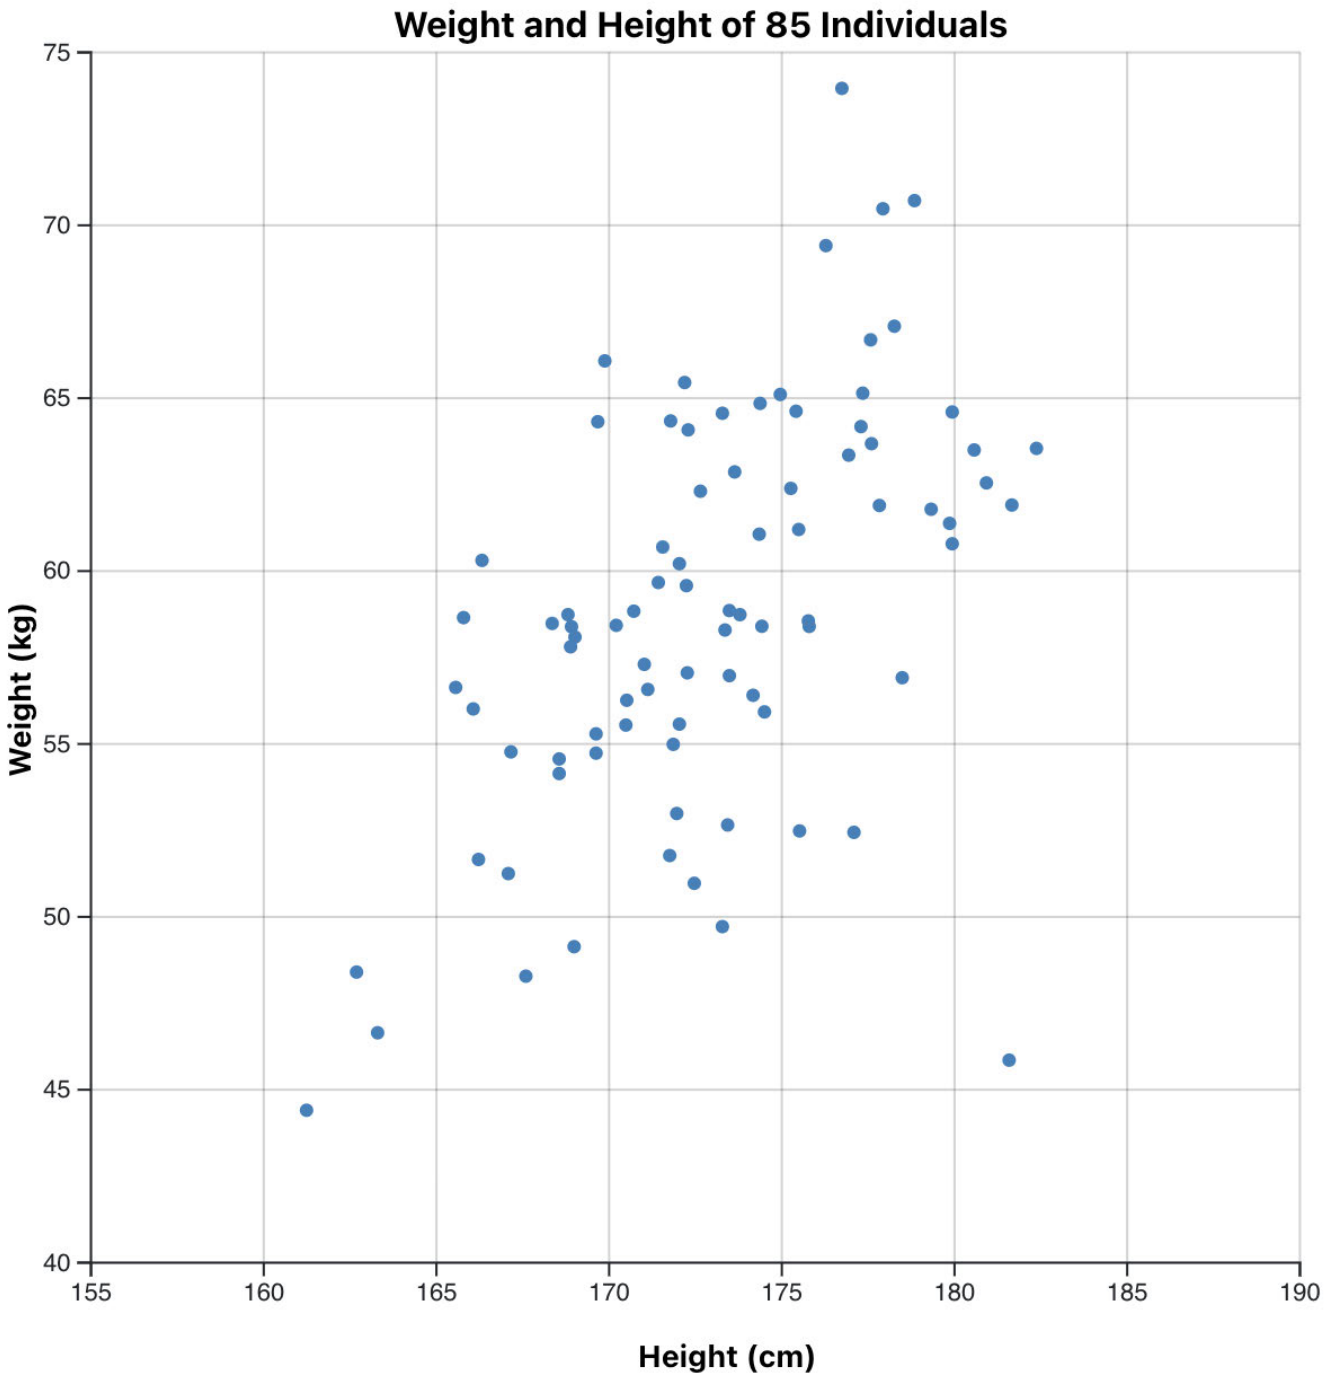

Please draw on the image to show how/where you found your answer.

What is the range in weight for the 85 individuals?

Your answer:

Upper range ${q://QID83/ChoiceTextEntryValue/2}

Lower range ${q://QID83/ChoiceTextEntryValue/1}

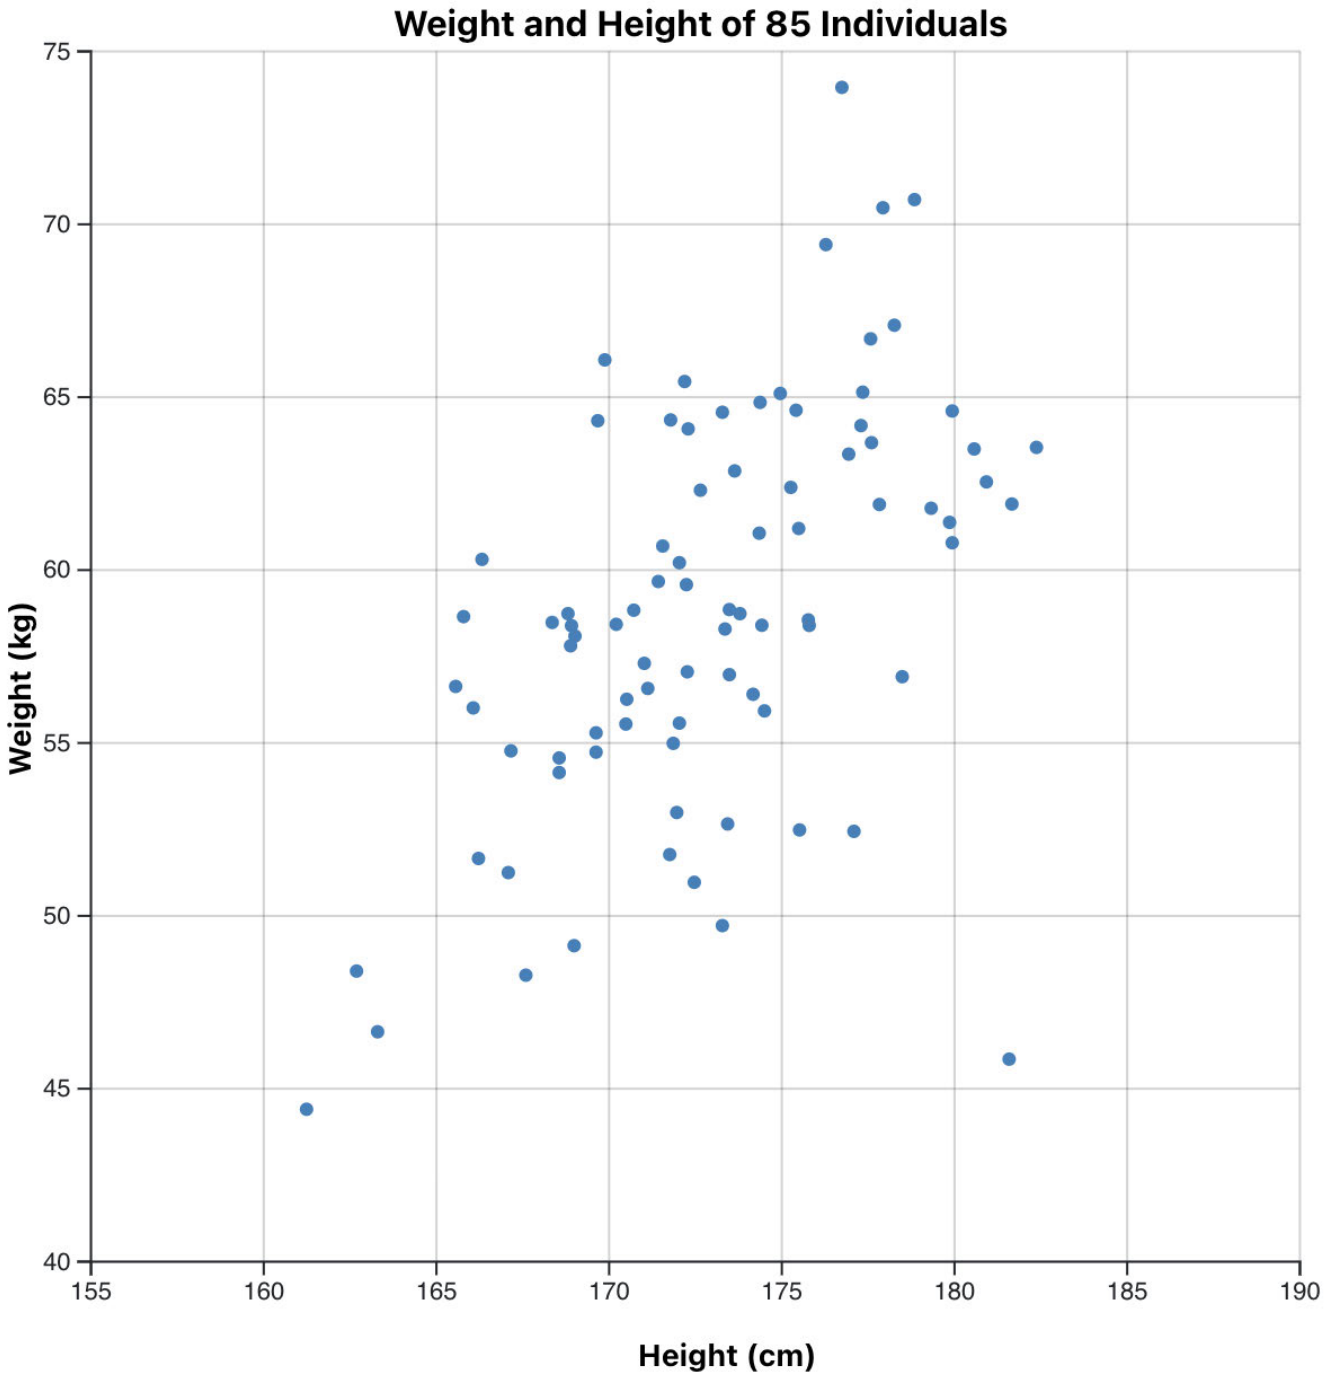

Please draw on the image to show how/where you found your answer.

Please explain your thought process. What did you find helpful to get to your answer? Was there anything that you found confusing?

Scatter Plot - Q4

There is a group of individuals centered at the height of 176 cm and the weight of 55 kg.
True or False?

- ○ True
- ○ False
- ○ I'm not sure
- ○ Impossible to answer with this visualization.

There is a group of individuals centered at the height of 176 cm and the weight of 55 kg. True or False?
Your answer: ${q://QID85/ChoiceGroup/SelectedChoices}

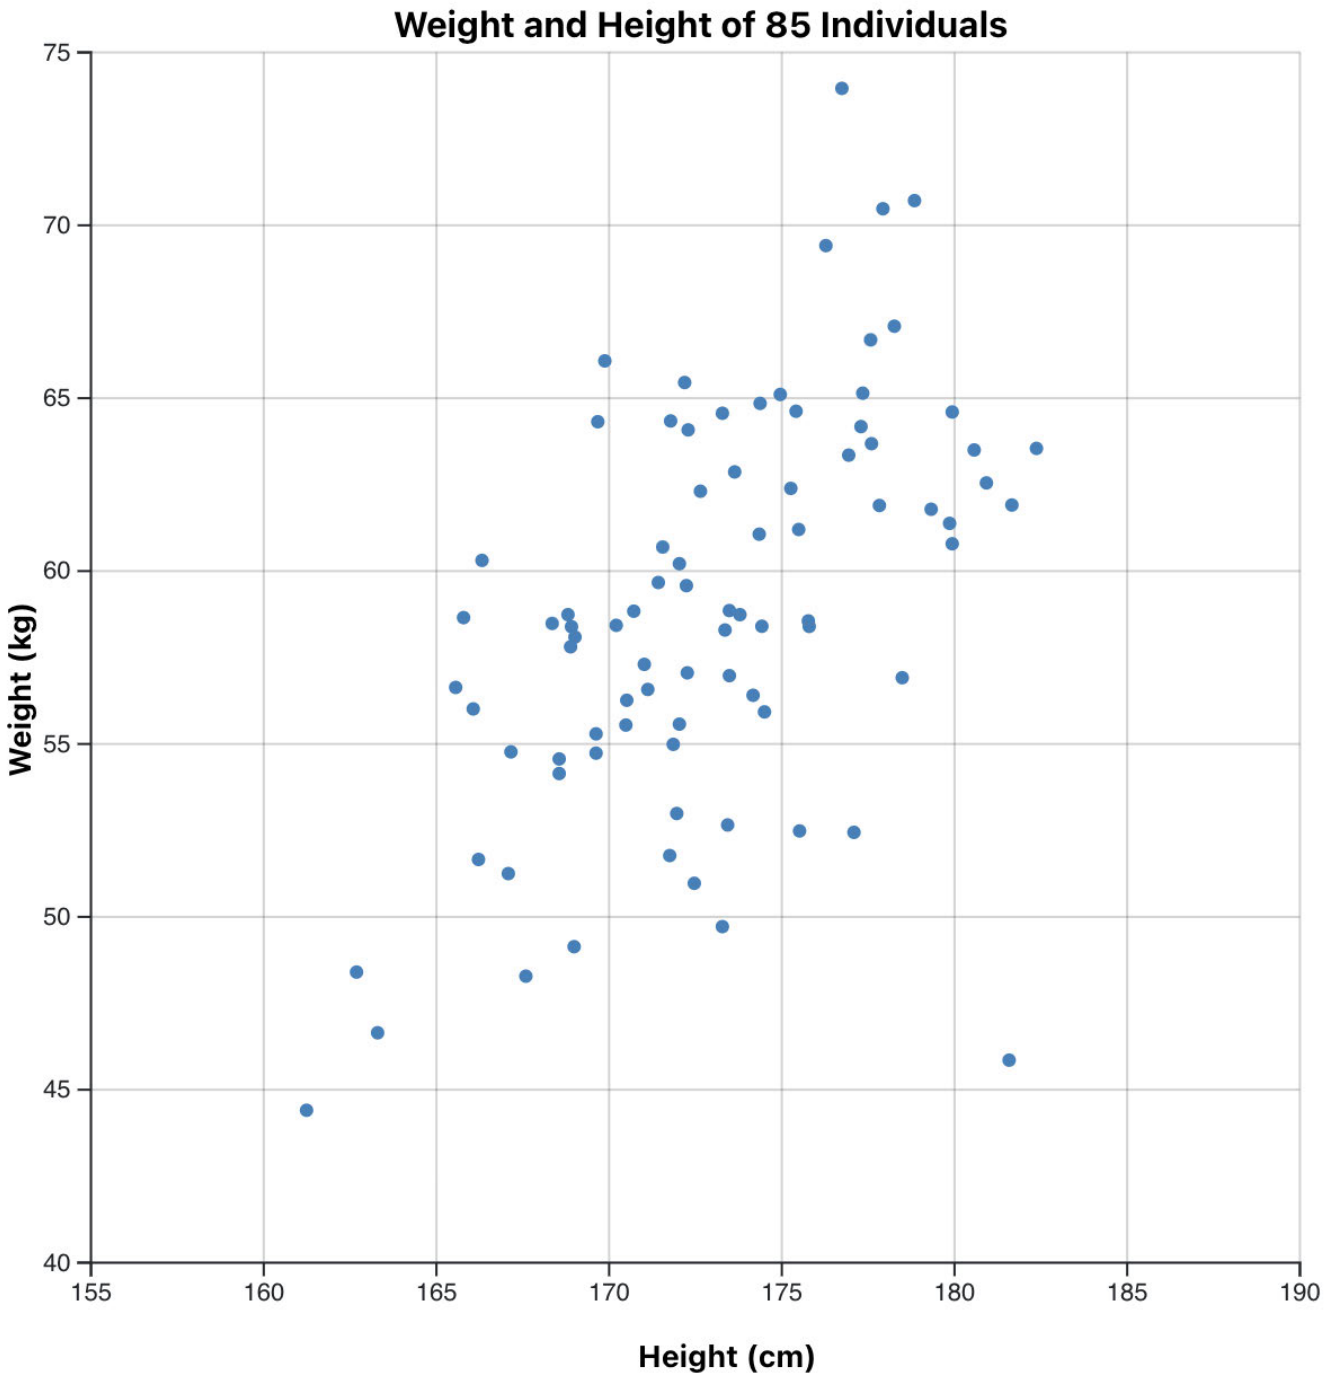

Please draw on the image to show how/where you found your answer.

Please explain your thought process. What did you find helpful to get to your answer? Was there anything that you found confusing?

Scatter Plot - Q5

There is a negative linear relationship between the height and the weight of the 85 individuals
True or False?

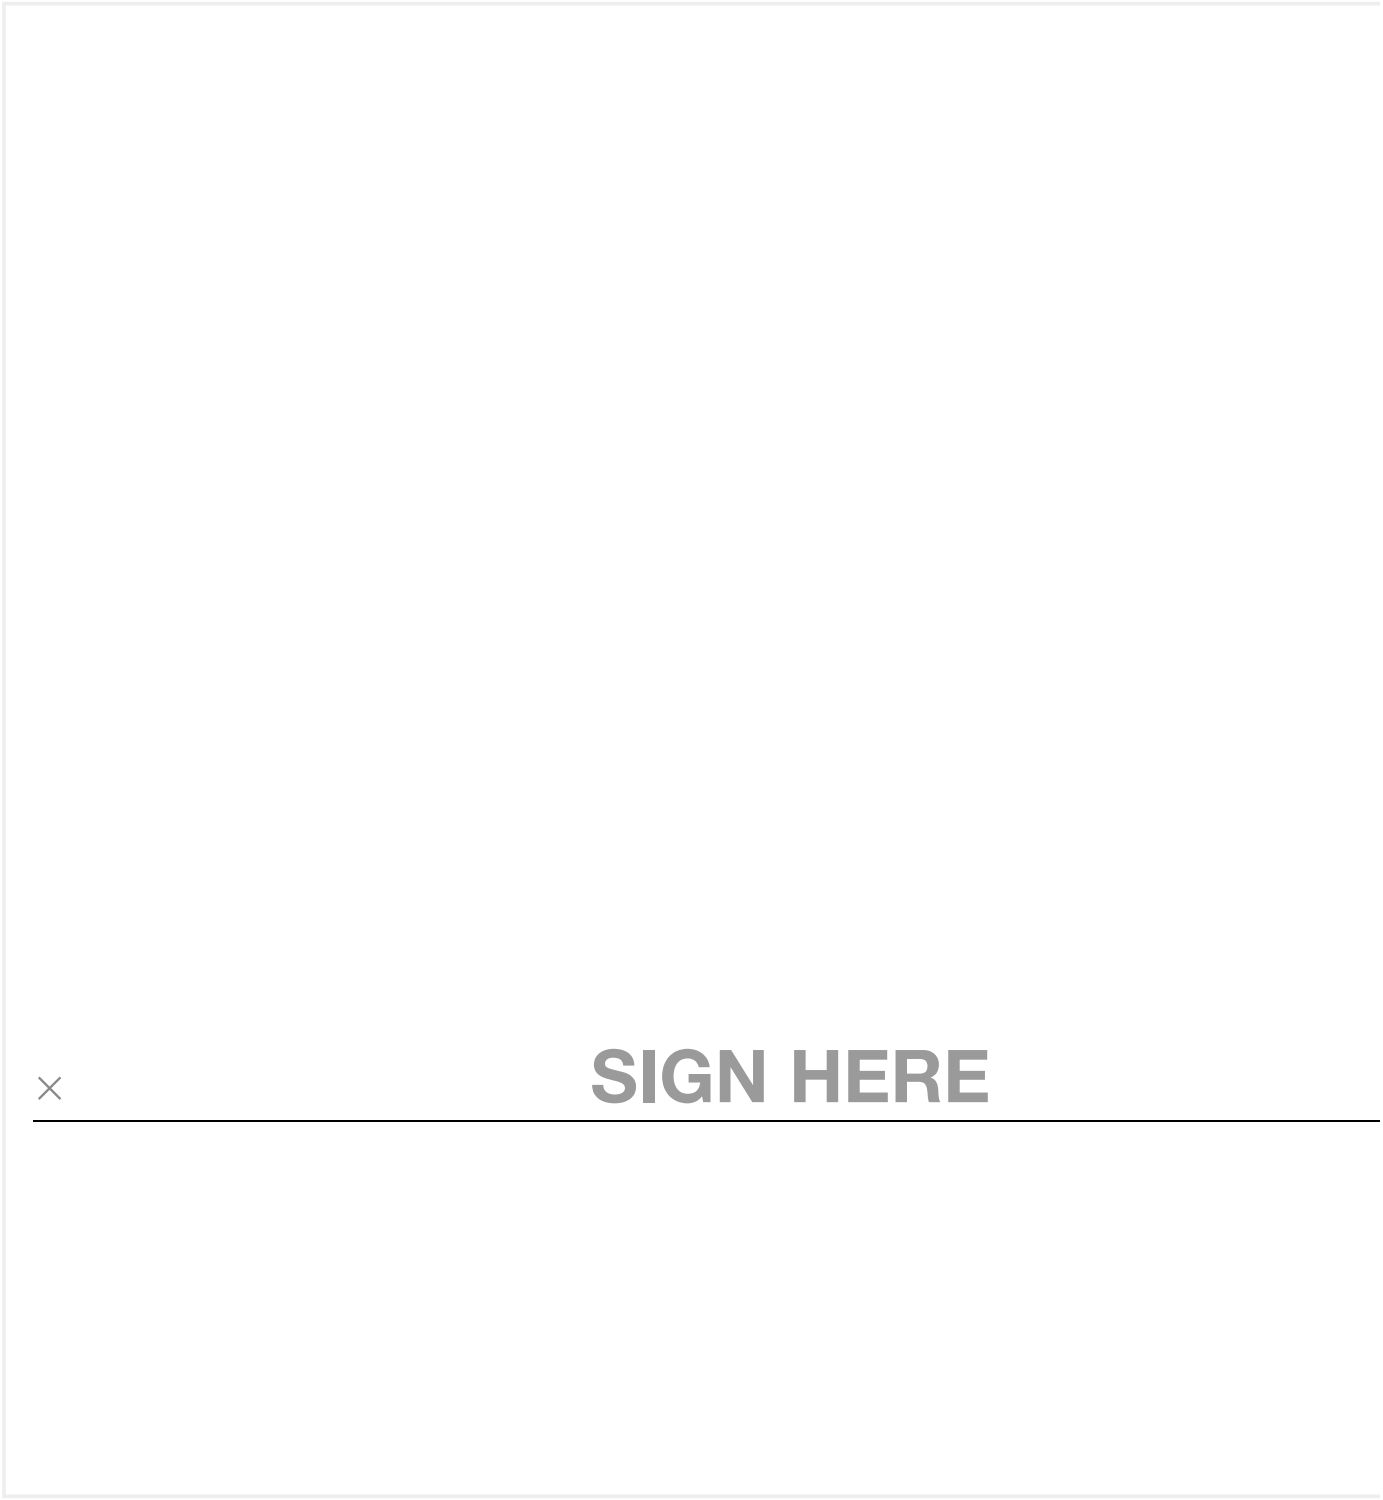

- ○ True
- ○ False
- ○ I'm not sure
- ○ Impossible to answer with this visualization.

There is a negative linear relationship between the height and the weight of the 85 individuals. True or False?

Your answer: ${q://QID92/ChoiceGroup/SelectedChoices}

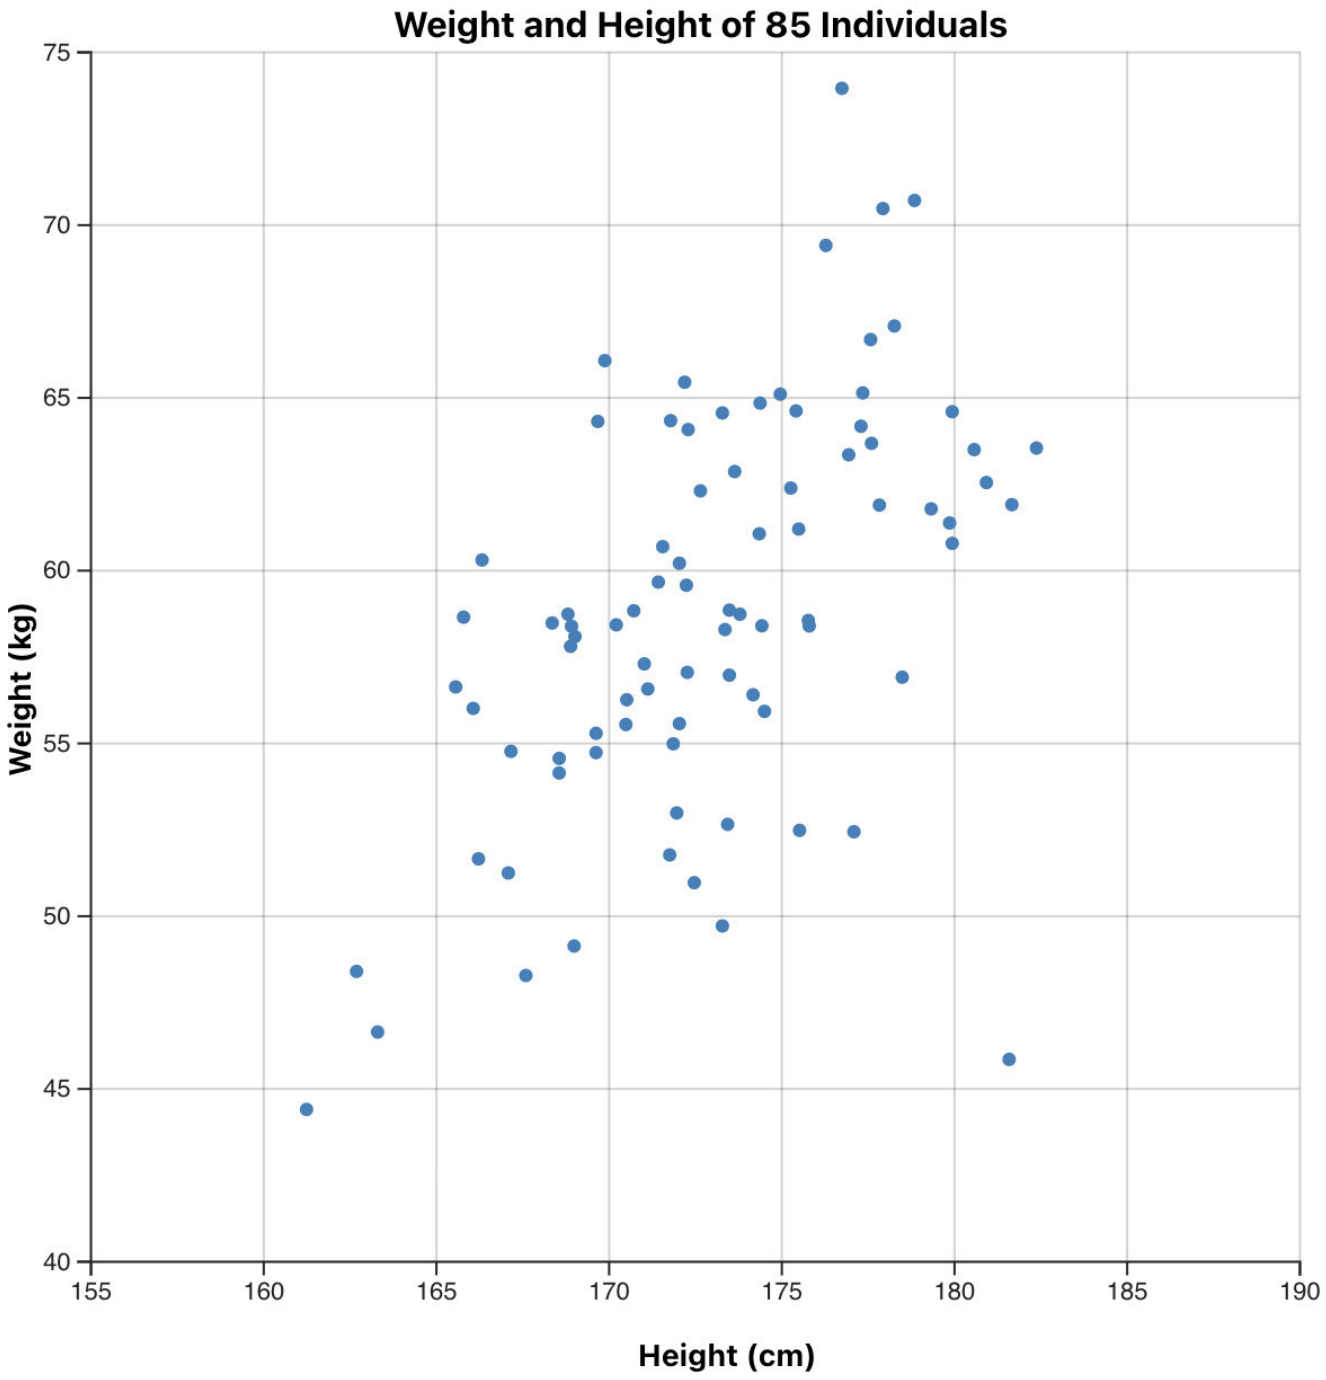

Please draw on the image to show how/where you found your answer.

Please explain your thought process. What did you find helpful to get to your answer? Was there anything that you found confusing?

Scatter Plot - Q6

What is the height of the most prominent outlier in the data?

(Please enter numeric values only (no units))

What is the height of the most prominent outlier in the data?
Your answer: ${q://QID87/ChoiceTextEntryValue}

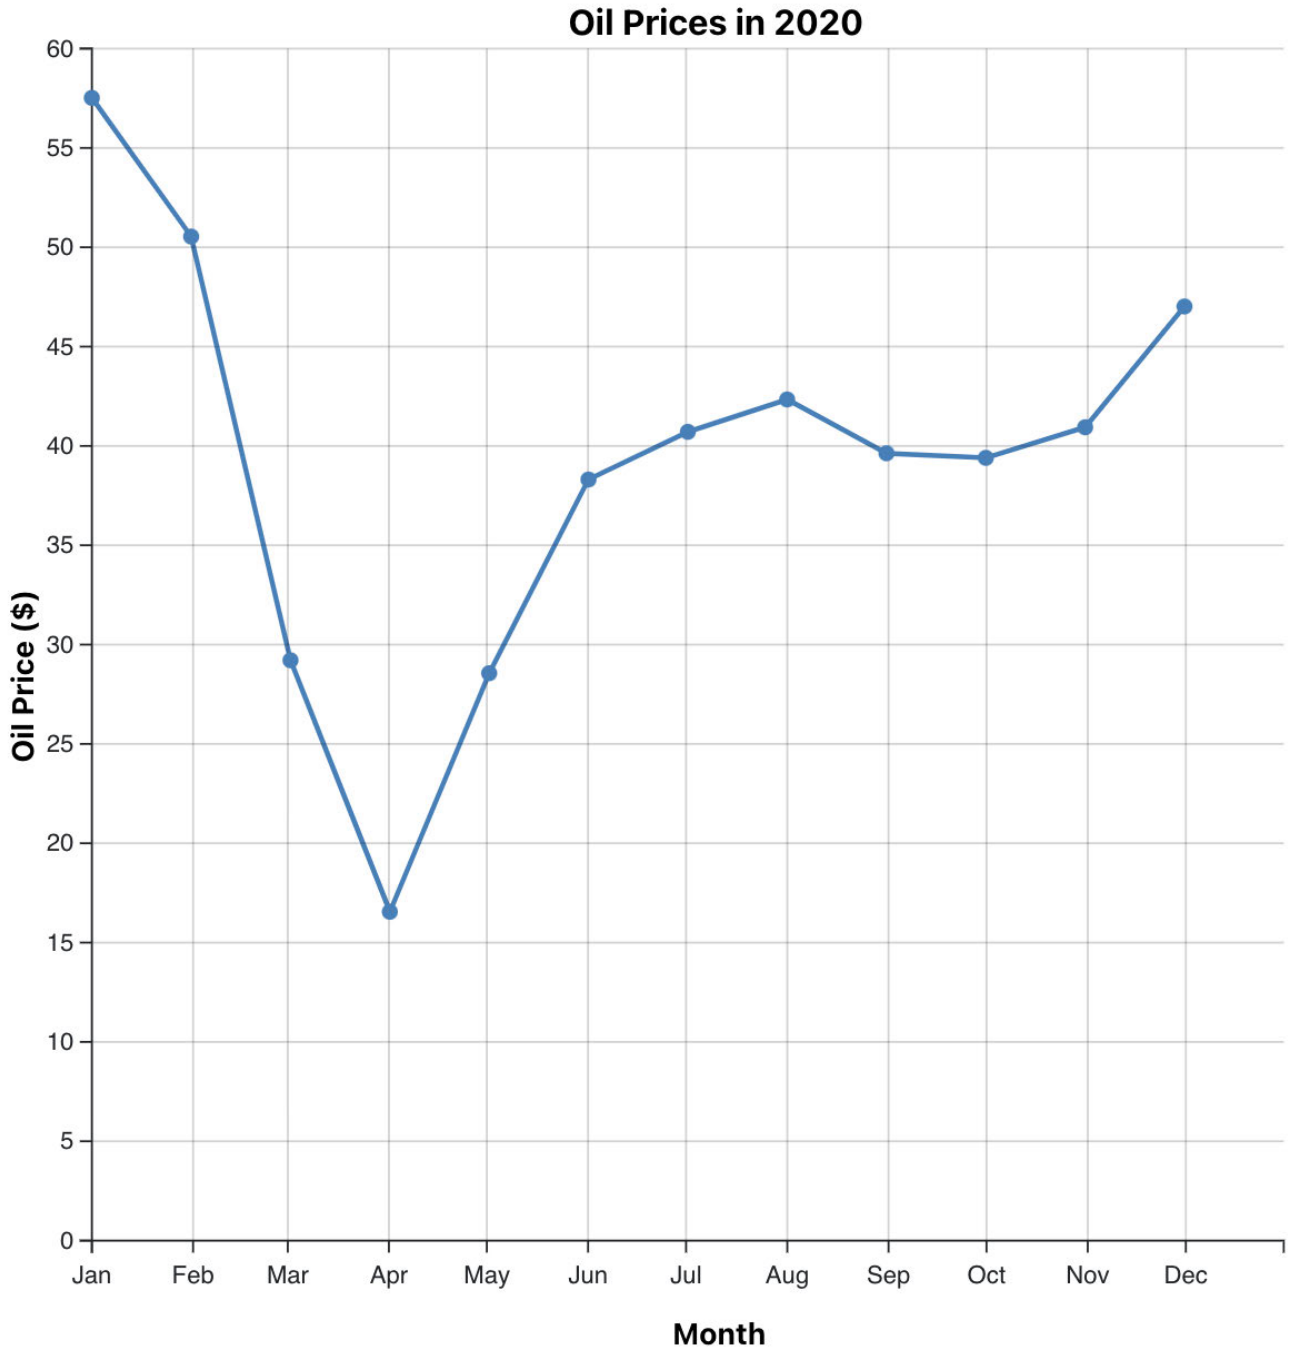

Please draw on the image to show how/where you found your answer.

Please explain your thought process. What did you find helpful to get to your answer? Was there anything that you found confusing?

Line Chart - Q1

What was the price of a barrel of oil in February 2020?

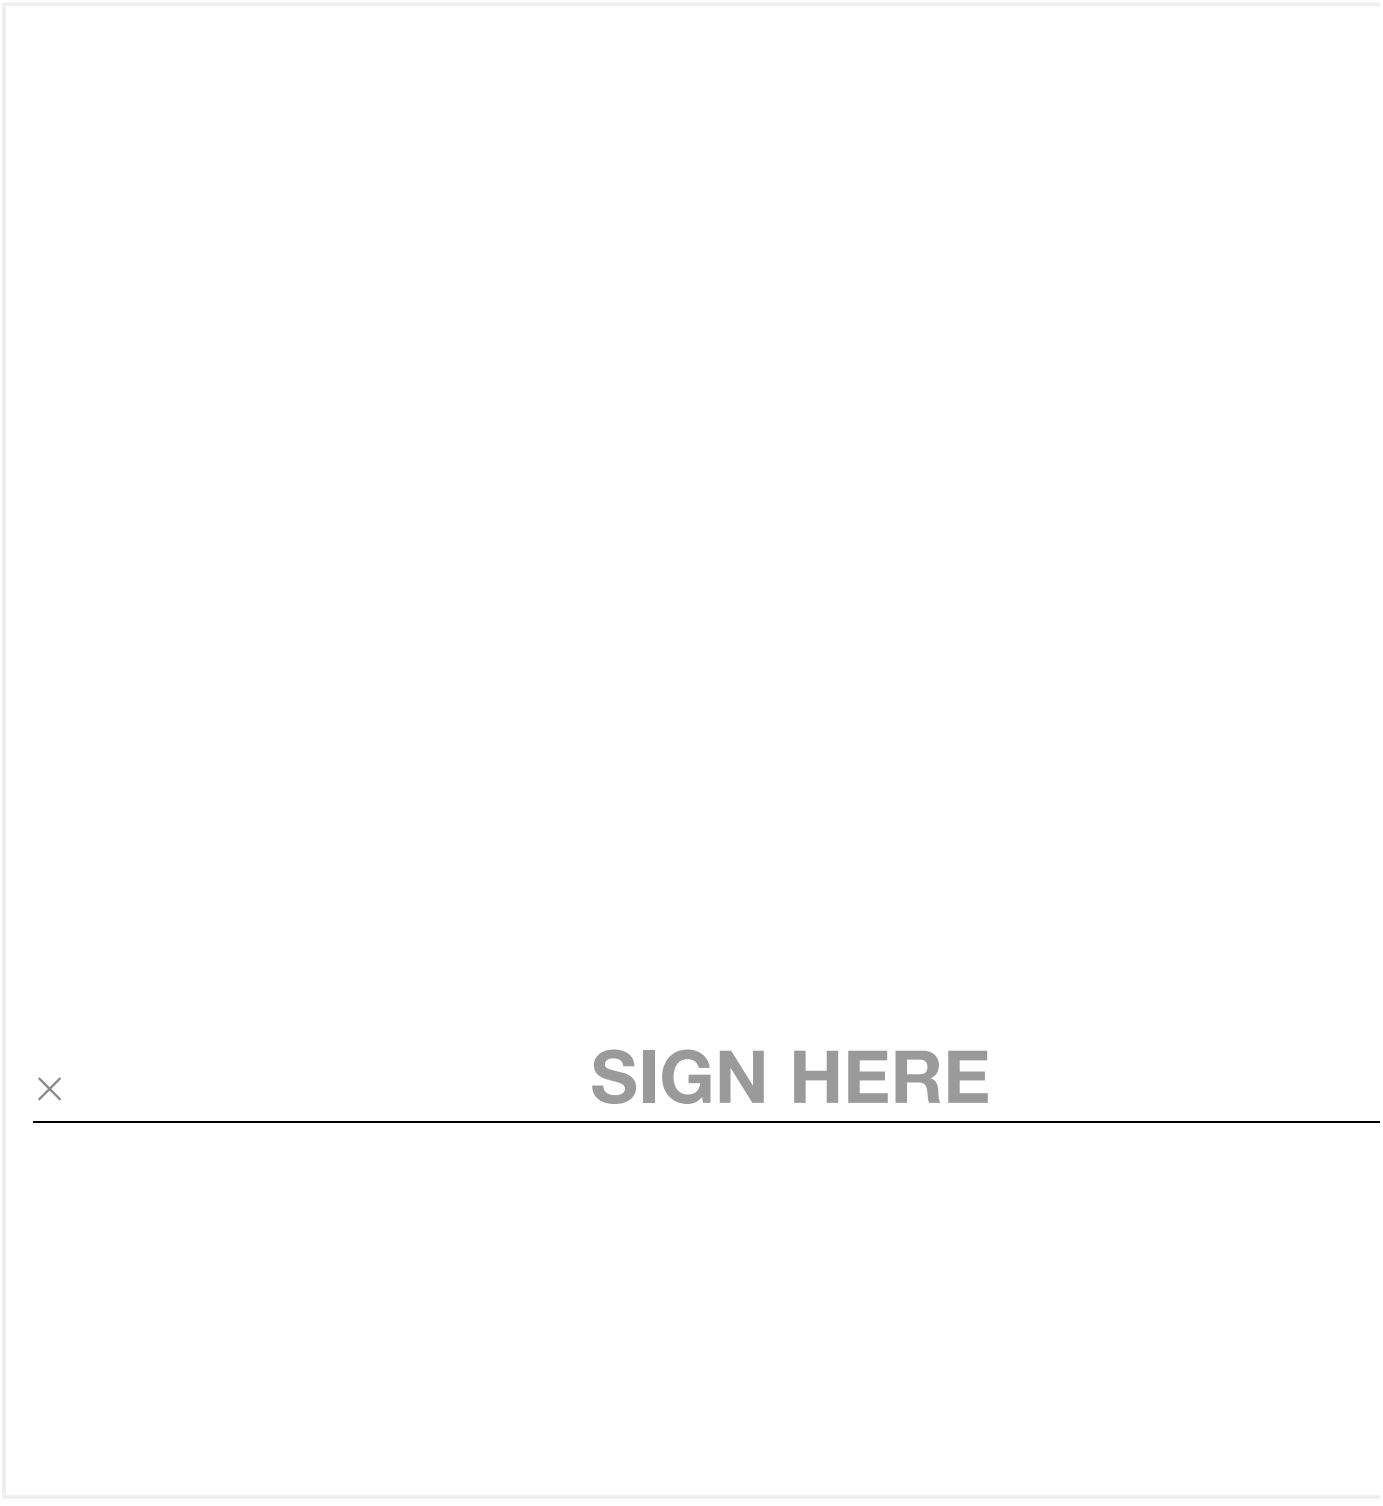

(Please enter numeric values only (no units))

What was the price of a barrel of oil in February 2020?

Your answer: ${q://QID59/ChoiceTextEntryValue}

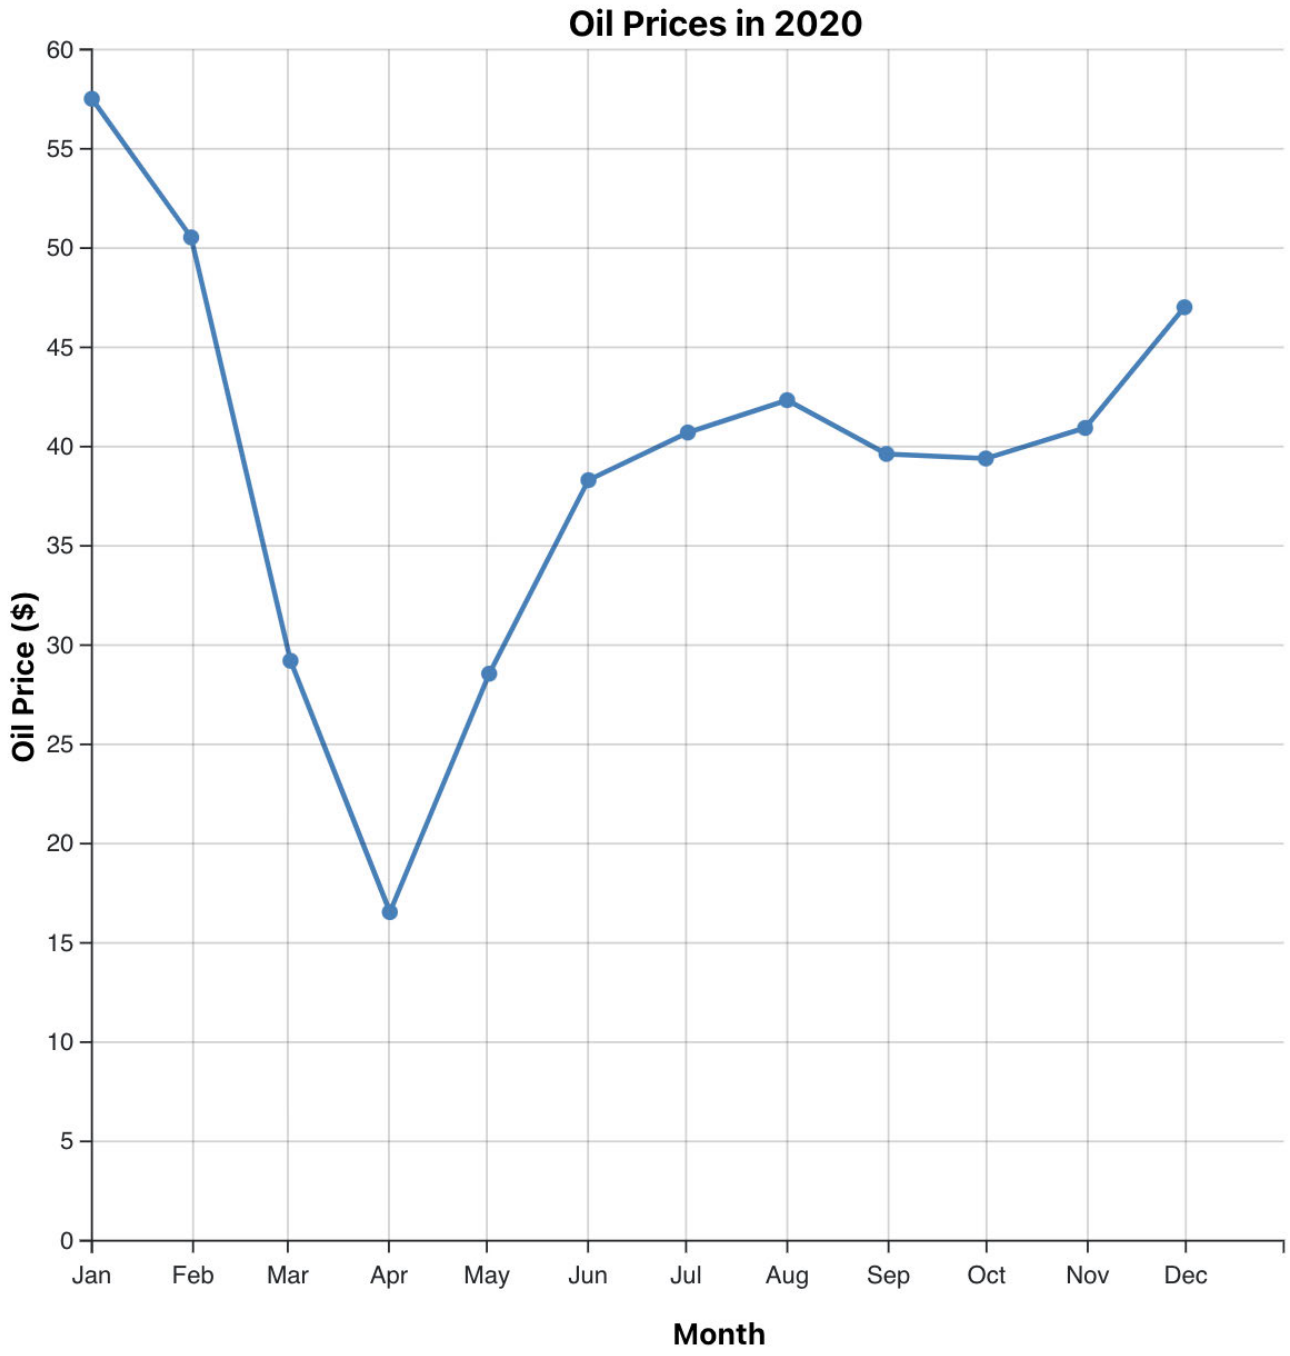

Please draw on the image to show how/where you found your answer.

Please explain your thought process. What did you find helpful to get to your answer? Was there anything that you found confusing?
